YOUR SOUL DESCRIBED

TELLS OF HEAVEN AND HELL

Information Comes Direct From Spirits, Doyle Asserts

LAND OF CHOSEN BEAUTIFUL

No Fire and Brimstone, But Drab, Dull Below

(BY ALEXANDER HERMAN)

NEW YORK — (Special) — Plans and specifications for heaven and hell, complete from lower to upper levels, are being revealed to Americans in a series of lectures by Sir Arthur Conan Doyle. Sir Arthur gets his information straight from the spirits of those who have passed on—some 23 of them. He is not as poetic but much more specific than Mr. Milton. Sir Arthur's descriptions of the beyond are based on the reports of those who have seen the other side.

There's not a doubt but what Sir Arthur believes in spiritualism as firmly as he believes in eating, drinking and sleeping. This bulky Britisher, knighted for his success in letters, married and the father of a fine family, conservative in his manners as any man of 65, has seen ghosts, talked with them, received written messages from them—and that settles every question, as far as he is concerned.

If you ask Sir Arthur about any phase of heaven or hell he answers, direct, specific with absolute positiveness and conviction. Here are some of his startling statements:

"HEAVEN—This is to me as definite a world as Europe or the United States. It is very like this world, except that heaven is devoid of the ugly, the unhappy, the evil things we find in this life.

"HEAVENLY SPIRITS—In heaven every person is at the zenith of his or her powers. The spiritual body is like the earth body, except that the former is complete and beautiful. In heaven we lose all earthly deformities; the person with only one leg, one eye or a crooked spine is made whole. The little children attain perfect manhood or womanhood.

"HEAVENLY HOMES—There are beautiful homes in heaven, surrounded by gardens of wonderful flowers. I believe that one finds there one's favorite pets. There are woodlands and lakes, games and sports, joy and laughter. Yes, and the opportunity to work.

"HEAVENLY MUSIC—The heavenly music is joyous, inspiring, soothing. You know that on this earth there are many sounds pitched so high that the human ear cannot record them. The music of the world beyond is of this sort.

"HUMAN WEAKNESSES—Heaven is a replica of earth, except that the grossly material things and the weaknesses of the flesh do not enter there. All one's desires are realized in heaven, but the heavenly body does not desire, for example, liquors or tobacco.

"PURGATORY—This is a state between heaven and hell, in which souls unfit to enter the higher realms must spend some time, progressing from level to level, preparing themselves for the higher state. Purgatory is colder, darker, grayer than this world. It usually takes 40 years for a soul to work its way out of purgatory.

"HELL—This is not a place of fire and brimstone, but it is a dull, dismal place, lower than purgatory. In which go those souls that have trodden the spiritual nature in this life. These souls will suffer the mental stress of working themselves out of this level. Among them will be the souls of suicides, who have attempted to escape from the exactions of this life.

"MARRIAGES—Heavenly bodies mate, and all marriages are perfect. There are no jealousies, no covetings, no triangles and no divorces in heaven, for every soul is satisfied with its spiritual mate.

"PROOF—Among 23 spirits with whom I have held direct communication are my son, who lost his life in the war, and my mother, who in addition to talking with me wrote a note in which she made a habitual error of spelling and to which she signed a pet name, which no medium could have known.

"MATERIALIZATION—Spirits manifest themselves to us through mediums. It is the ectoplasm that we see. (Ectoplasm, says the Standard Dictionary, is the denser outer protoplasmic layer of a unicellular organism or cell without a cell-wall as of an amoeba or of certain ova. Got it?) This has been scientifically analyzed and its chemical constituents partially identified.

"PHENOMENA—If it would be well not to sneer at the tilting table or the tinkling tambourine, sometimes simulated by tricksters, it's true; but fakers? Remember that it was a tilting table that gave us the secret of gravity.

"RELIGION—The world is moving toward general acceptance of spiritualism. This means an increase in moral strength and general happiness here. Some say spiritualism is the work of the devil, but if it is, it is the best work the devil has ever done. Seriously, it is the greatest revelation of God."

Sir A. Conan Doyle Tells About It -- Ample Proof of Existence, He Declares. Great Author Writes for The News

By SIR ARTHUR CONAN DOYLE

IS there any way of proving that a living human being has a soul? Unquestionably so—the I know of no way save by psychic phenomena, which are the more material side of spiritualism.

What we call the "etheric body"—called by St. Paul the "spiritual body"—is what in popular speech is described as the soul.

It is a facsimile of our present bodies, and it survives them. It is the thing which has been the basis of all phantom stories—the thing seen so often at the moment of death by distant friends or relatives.

It is temporarily dissociated from the body in sleep, and under certain narcotic drugs.

It contains within it the infinitely more ethereal thing called the spirit—the two being often confused with each other.

I show among my stereopticon slides a photograph of an etheric body (or soul) disengaging itself from the material body.

Do souls have sex?

Yes, souls have sex, but beyond are none of those grosser manifestations which obtain here, for birth is a thing peculiar to life.

Sex manifests in beauty, in sympathy, in delicacy of mutual understanding—in all those subtle and fine ways in which it manifests on earth between true lovers who are not yet married.

SIR A. CONAN DOYLE

DOCTOR'S WIDOW LEAPS TO DEATH

Sequel to Sensational Murder in New York

HUSBAND SLAIN BY WOMAN

Deceased's Wife Broods Over Olivia Stone's Acquittal

NEW YORK—(Associated Press) —Another tragedy growing out of the sensational murder of Dr. Abraham Glickstein by Mrs. Lillian Raizen, in Brooklyn last December, was recorded today when his widow, Mrs. Anna Glickstein, ended her life by leaping from the third story window of her mother's home in Brooklyn.

The doctor's mother dropped dead at his funeral.

Mrs. Glickstein had been laboring under a heavy mental strain since her husband had been shot, members of the family indicated, and it was said she had been brooding over the recent acquittal of Olivia M. P. Stone, for the murder of Ellis Guy Kinkead, former Cincinnati lawyer. Mrs. Raizen who has confessed the murder of Dr. Glickstein is now a prisoner in the same jail where Miss Stone was incarcerated, awaiting trial.

MURDER OF DOCTOR

The suicide of Mrs. Glickstein is the third death in a tragic series which began last December, when Dr. Abraham Glickstein, a practitioner of some prominence in Brooklyn, was slain by a woman who had been admitted with other patients to his office. The actual shooting was not witnessed by any of the other patients in the physician's waiting room, and the first that was known of it was when Dr. Glickstein tumbled thru a door and fell dying across the threshold. His assistant had escaped by a rear door to the inner office.

Dr. Glickstein's mother fell dead when she viewed his body upon its being taken into the Glickstein home.

CRIME CONFESSED

For several days the police of New York pursued various clues, but three days after the shooting a woman named Mrs. Lillian Raizen surrendered to the police, confessing she shot and killed Dr. Glickstein. She declared her motive was vengeance for an operation the physician had performed upon her, which rendered her incapable of becoming a mother. She admitted she had for several years been "under the influence" of the doctor, and had submitted to the alleged operation at his request.

Mrs. Raizen is now a prisoner at the Raymond-st. jail, this city, awaiting trial before the Kings-count on a charge of murder.

FEARED TRIAL OUTCOME

Mrs. Lena Tubansky, mother of Mrs. Glickstein, said that at the time of Miss Stone's trial her daughter exclaimed, "If the Stone woman goes free the woman who murdered my husband will go free. Anyway, as long as the doctor is dead I might as well be dead myself."

Frances Glickstein, 15-year-old daughter of the dead woman, who came from Lakewood, N. Y., to spend the holiday season, slept with her last night, the mother retiring about midnight. Frances said her mother seemed to be a little more cheerful than usual. When Frances awoke early this morning, her mother was missing. Soon afterwards, a policeman who found the body on the sidewalk, awakened the family.

Mrs. Glickstein's head had struck an iron post at the entrance to the house.

TENOR IS BETTER

Crisis in John McCormack's Illness is Passed

NEW YORK—(Associated Press) —John McCormack, noted tenor, who was stricken with an affection of the throat here last Saturday and whose illness became alarming on Wednesday, was declared today to have passed the crisis, but he will not be able to sing again for several months. Physicians in attendance upon the singer asserted the illness would not affect the quality of his voice, as the infection was above the larynx.

All concert engagements made by McCormack have been cancelled and he has given up his plan to leave May 2, for a tour of Ireland and continental Europe. The illness was said today to have dated back to February 5, when the tenor, while filling a concert engagement at Minneapolis, had a severe attack of laryngitis. Since that time his condition has not been good.

BOY DROWNED

DAYTON — John Reingarher, aged five, and his brothers were playing along Wolf Creek, swollen by recent rains late yesterday afternoon, John tumbled in and his little brothers ran for help. The swift current swept the body away and it was several hours before it was recovered by police and firemen.

13 NOT A JINX TO HERO

EDWARD H. FOX

DETROIT — (Special) — Twelve times had Chief of Detectives Edward H. Fox of the Detroit police force been cited for extraordinary bravery in carrying out his duty.

And then came opportunity Number 13!

Bandits entered a meat market in which Fox, his wife and their two children were shopping.

Two gunmen, flashing revolvers, commanded everyone in the place to drop to the floor.

And everyone did—except Fox! Thrusting his family behind a counter, he yanked his gun and—

The bandits opened fire. One bullet grazed Fox's cheek. Another smashed his watch and tore a jagged gash in his side. A third crashed into his chest, piercing a lung.

Then Fox opened fire himself and the bandits fled in an auto after grabbing \$250 from a cash register.

Fox staggered to another machine and started in pursuit. Two blocks away he collapsed and was taken to a hospital. Doctors think he will recover.

So once more—for the thirteenth time—Detroit is honoring Edward H. Fox, officer extraordinary.

WOMAN FAILS IN DEATH QUEST

Grace Daggon's Self-Inflicted Wounds Not Serious

Grace Daggon will live. The woman who sought to end her life at the grave of her soldier-brother because of despondency, failed in her attempt, according to announcement Friday from St. Rita's hospital.

She has steadfastly refused to talk since firing the shots in Woodlawn cemetery at noon Thursday.

There is no mystery connected with the case. Relatives removed all elements from the case Friday.

Mrs. E. B. McCure, 712 E. High-st., sister, Friday, attributed her act to an unbalanced mind. "Grace talked incessantly about her brothers being called to war," Mrs. McCure said.

The attempt of the woman to end her life, according to Mrs. McCure, was another of those sad post-war tragedies, of which there have been hundreds.

"She brooded over their absence," Mrs. McCure said. "When they returned, broken in health and sick of mind, her courage failed. Both were taken from her a second time—Grover died and Frank was committed to a hospital for the insane. There can be no other reason for her effort to end her life."

Grace had kept house for her brothers. When they were separated by death and court decree, her melancholia became more pronounced, it is said. She went to room with Mrs. Philmon Huser, 608 S. Elizabeth-st. Mrs. Huser said she appeared "queer" and remained in her room most of the time. She had spoken of her trouble, but refused to confide to Mrs. Huser.

Miss Daggon left her room early Thursday and ate breakfast at a restaurant in the neighborhood. She returned and later left again, presumably going direct to the grave of her brother.

When police searched her room Thursday night they found \$570. This was the proceeds from the sale of a house owned by Grace and her brothers, Mrs. McCure said. The discovery of this money strengthens the theory of an unbalanced mind from grief. At first it was thought she had been actuated partly by poverty and failure to secure employment.

When she recovers, Miss Daggon probably will be taken to the McClure home, where an effort will be made to restore her to health and happiness.

5 PERSONS DROWN

Schooner Sinks in Potomac off Alexandria, Va.

WASHINGTON — (Associated Press) — Five persons, the wife of William Lawrence, and four of his children, were drowned early today in the capsizing of a two masted schooner in the Potomac river off Alexandria, Va.

Lawrence and his eldest son saved themselves by climbing up a mast from which they were rescued by a Norfolk and Washington steamer.

HOME ON MARKET TO BE ERECTED

Structure Four Stories High With Provisions for 10, Plan

WESTWARD TREND IS BOOMED

New Business Site at Pierce-st Assured by Deal

E. W. Mosier, W. B. McClaren and E. E. Everett, the option committee of Lima Masonic bodies named some two years ago, reported last night. The report, unanimously accepted, means the most handsome Masonic home in Northwestern Ohio.

The George S. Vicary homestead, corner W. Market-st and Pierce-st, has been selected for this new edifice. It is 100 feet on Market by 208 feet in depth. The building will be designed to occupy 100 by 150 feet, with business rooms on both Market and Pierce.

BIG AUDITORIUM PLANNED

The option price is reported at \$90,000. While plans in detail have not been completed, the original structure will be of four stories with foundations to carry ten stories. There will be lodge rooms for the various working degrees and two huge assembly halls. The main auditorium will be for a seating capacity of 3,500 and there will be a home for the Scottish Rite degree, heretofore only possible for Lima Masons to secure at Toledo.

The purchase of this site means more than the mere new home of Masonry. The advancement of Lima was one of the main considerations. Six sites in all were under option, and for a time it appeared that the new home would be located on exactly the opposite corner, but a long time ago the Pure Oil company on a portion of that site, prevented the deal being closed. The John J. Kerr property and the M. S. Thompson property, Market and McDowell, were also seriously considered.

BOOMS WESTWARD TREND

As the new building will permit of business rooms below, but no offices above, all the upper floors being utilized by the order, it throws Market-st again into the limelight as a new retail district. Plans for a new church structure are again under way by the Market-st Presbyterian congregation, which would mean the sale of their site at West and Market, to give way to business. There have been a number of rumors regarding the Piper property and undoubtedly it is only a question of time until a portion of the Kerr property will be sold for commercial purposes, as this now stands out as the most valuable tract on the street.

The erection of the new Masonic home forecasts a retail district as far west as Pierce-st, and developments along this line will follow rapidly. Henry J. Weaver, owner of the old Dr. Hall homestead directly east of the new Masonic home site.

VOTE ON NAVY BILL DUE TODAY

Victory for and Against Personnel Cut is Claimed

WASHINGTON — (Associated Press) — Lines were drawn in the house today for the battle over the personnel section of the naval appropriation bill providing for an enlisted force of 65,000. Both sides were claiming victory in the vote on the amendment to increase the force to 80,000 with 6,000 apprentice seamen as against 2,000 provided in the bill.

The personnel section was expected to be reached late today, although it appeared doubtful whether debate on the amendment would end in time to permit a vote in committee of the whole before adjournment for the night.

Chairman Kelley of the appropriations sub-committee which framed the bill, said he was confident it would be passed by the house substantially as reported. Supporters of the amendment to increase the enlisted strength, on the other hand, while making no estimate of the vote, said they had obtained 194 pledges which could be counted on absolutely.

GIRL IS MISSING

"Saviour" Charged With Kidnapping Steubenville Child

STEUBENVILLE — (Associated Press) — Efforts of officials in all towns along the Ohio river to locate Hazel Mae Weaver, 13, who disappeared from her home here Wednesday have been unsuccessful. The search is being continued in the belief that the girl is in company with Milton J. Graham, aged 40, a religious fanatic who wore a long beard and stringy hair and proclaimed himself as the "Saviour." The girl's father, Wilfred Weaver, has filed charges of kidnapping against the man.

ATHLETICS TO BE 'MADE SERVANT'

Shall Not Master Ohio College
Life, Educators Say

RULES ADOPTED AT CAPITAL

Association of Presidents Puts
Limit on Sports

COLUMBUS—(Associated Press)—Ohio colleges and universities today went on record against college competition for athletic material from high schools and preparatory schools, declared by some leading college authorities to be the principal cause of the commercialism and professionalism in college sports of today.

The Association of Ohio College Presidents and Deans, completing a two day session today, adopted a special report on the subject, outlining rules and regulations they expect to make effective "the servant and not the master of Ohio college life."

The report was prepared by a committee headed by President Edward S. Parsons, of Marietta College, and was presented yesterday after an investigation of more than a year, during which every phase of college athletic activity was gone into.

Among the major recommendations in this report were:

Don't emphasize the spectacular features of intercollegiate athletic sports.

Understand that the Ohio conference for the colleges of the state, of a study of "what shall and what shall not constitute professionalism in college athletics."

Limitation of participation in athletics to those who have met honestly the proper scholastic standards. Standardization of athletic schedules so "what shall and what shall not constitute professionalism in college studies."

Development of intra-mural athletics.

Formation of an interscholastic league among Ohio high schools to eliminate unnecessary duplication of contests.

As presented, the report prohibited students participating in more than two sports. This was amended to allow students to participate in as many sports as they could find time or inclination for.

FOOTBALL LIMIT

Under the heading of football, the report recommended that intercollegiate games should be limited to a maximum of one a week and opposed trips taking the team more than 200 miles away from home.

In basketball, the report recommended that post season games be limited to three, and frowned on the playing of games with non-college teams. The basketball season was specified as from January 1 to March 1. The number of games played, the report said, should not exceed 16, and games should be avoided on study nights.

Pre-season trips for college baseball teams should not be permitted, the report said, and the number of ball games should be limited to 16 a year. Extended trips including more than two games should not be permitted.

ELKS TO HAVE ALL-WEEK CARNIVAL AND OPEN HOUSE TO AID SOCIAL SERVICE

An all-week carnival and open house at the Elks' Club next week will, in a measure, take the place of the annual May Festival planned earlier in the year.

Needs of the Social Service bureau, together with the slack business conditions, have caused the committee planning the festival to postpone it until fall, it was announced Friday.

Open house with a variety of attractions will be on the program each day at the Home. There will be minstrel shows or dances every evening next week with the exception of Thursday.

Entertainment earned by the attractions will be turned over to the Social Service bureau, to swell the fund now being collected.

A \$10 donation from the Twentieth Century club was announced at the bureau headquarters Friday. An entertainment to be staged by the Daughters of Veterans in Memorial hall the evening of April 23 was also announced.

WILLIAM DAVISSON DIES AT HOME OF HIS BROTHER

William Davisson, 76, of West Newton, died Thursday afternoon at the home of his brother, C. L. Davisson, following an illness from a complication of diseases. He was born near Waynesfield.

Surviving are one son, C. J. Davisson, E. Market-st., Lima, and two other brothers, Matthew Davisson, of near Waynesfield and Jackson Davisson, near Hamilton.

Funeral services will be held at the Holden M. E. church Saturday at 2 p. m. Interment in the Berry cemetery, north of Holden.

WHITE CAPS ORDERED FOR TRAFFIC OFFICERS

It was chilly and looked like rain and more rain Friday morning, but that did not prevent Harry Osgood, city purchasing agent, from ordering white caps for Lima's traffic cops.

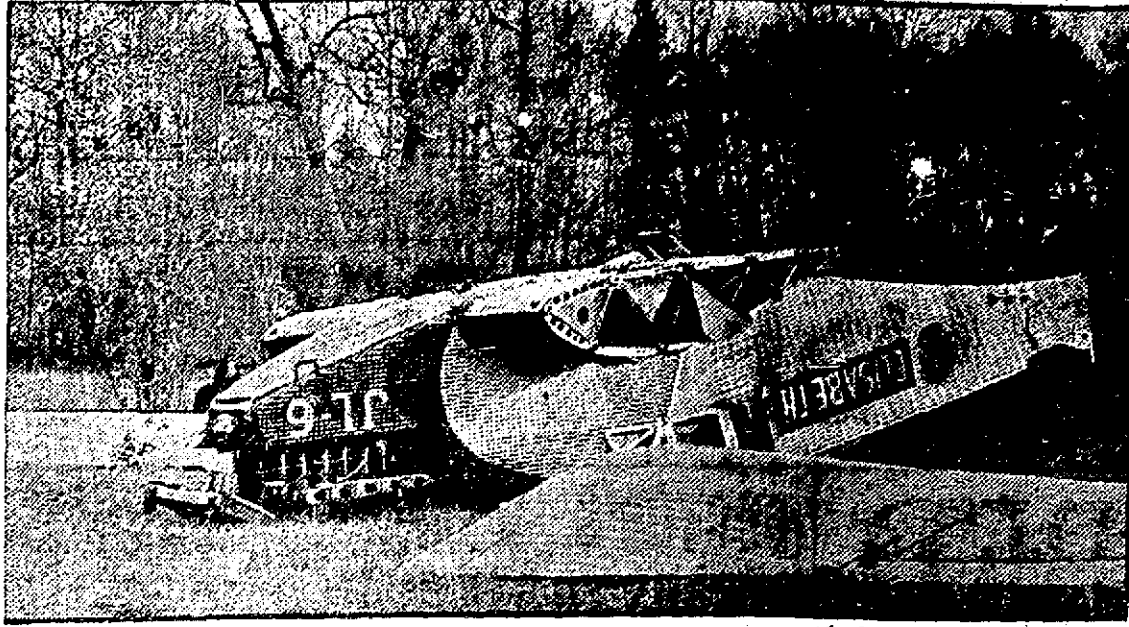

"Summer will soon be here and the boys will need their white caps to conform to the weather," Harry said as he signed the order. Three caps are in the initial order, although more will be purchased if the new traffic plan calls for more than three traffic officers.

MEN AND MATTERS

Rev. Kyle Booth of the Congregational church will deliver the sermon at the Good Friday services at the Trinity Methodist Episcopal church, Friday night, it was announced by Rev. W. D. Cole.

Clifton Reel, is at the State university, Columbus, to ascertain the necessary course of studies to prepare himself for the practice of medicine.

AMUNDSEN'S PLANE, BUILT FOR ARCTIC, WRECKED

The "Elisabeth," monoplane built especially for Arctic use by Captain Roald Amundsen, discoverer of the South Pole, was wrecked when it crashed to the ground near Clarion, Pa., when Amundsen was flying from New York to Cleveland on the first leg of a transcontinental air journey. Amundsen and other occupants of the plane were unhurt.

PLAN RADIO FOR HOSPITAL

Patients at District Institution
To Hear Concerts

Women's board of managers of the District Tuberculosis hospital, southwest of the city, is planning to install a wireless system, whereby patients, on their sick-beds, may listen to lectures and concerts in distant cities.

It will be one way of aiding restoration to health for patients, Mrs. J. B. Boulter, chairman of publicity of Allen-co, announced Friday.

To provide for the comfort of patients, croquet grounds will be installed and tennis courts constructed this summer. Sheets, pillow cases, towels, bedding and equipment for the hospital is needed and tags are to be sold on Lima streets Saturday for the benefit of the hospital, under auspices of the woman's board.

In Sidney, Celina, Wapakoneta and Van Wert tags will be sold on city streets Saturday to aid the hospital. Woman's boards of those counties, which also aid in support of the hospital, will be in charge of sales.

BINGHAM CLAMPS LID ON USE OF FIRE PHONES FOR PASSAGE OF LOVE CHAT

That fire department telephones are for use by citizens and taxpayers to report fires and not for use by firemen to make dates, is the ruling of Manager C. A. Bingham, who has ordered Fire Chief John Mack to post notices to that effect in every engine house.

It is the outcropping of a finding that one fireman used the telephone one afternoon six times to converse with his lady love, Bingham says, and he received a complaint from a citizen about it.

Bingham ordered the chief to tell the fire laddies in plain English that their telephonic amours must be discontinued.

MARKETS CLOSED; GOOD FRIDAY IS OBSERVED

Stock and grain markets were closed because of the observance of Good Friday. The New York and Chicago markets will re-open again on Saturday. Usually the former market observes a two-day Easter vacation, but due to intense activity at the present time it has been limited this year to one day.

The Liverpool markets were closed today and will not re-open until Tuesday.

FESS HEADQUARTERS TO BE OPENED MONDAY

COLUMBUS—State Senator Henry Endley of Mansfield, will open headquarters here Monday for the campaign of Congressman Simeon D. Fess, of Yellow Springs, who is seeking the Republican nomination for United States senator. Mr. Endley will be in personal charge during the campaign.

Secretary of State Harvey C. Smith, candidate for governor, has opened headquarters in a local hotel. Charles F. McIntire, former state agriculturalist in the board of administration, is in charge.

TRINITY M. E. CHOR WILL PRESENT CANTATA

The choir of Trinity M. E. church will present "The Seven Last Words," by Dubois, Sunday at 4 p. m. at the church, under the direction of Mark Evans.

The cantata portrays Christ's utterances on the cross in a dramatic manner. The background of the clamoring and ridiculing mob is written into the cantata. Rich and colorful harmonies and beautiful melodies abound in the cantata.

The chorus will be augmented and piano and organ accompaniment will be a feature. Soloists will be Mrs. Dorothea Richards Davison, soprano; Kent Eberole, tenor, and Don John, baritone.

O. E. WILL ADOPT EASTERN TIME

Trains on Toledo and Springfield
Lines to be Affected

Eastern time will be adopted by the Ohio Electric Railway and the Indiana, Columbus and Eastern Railway April 30, H. G. Mason, superintendent of the Ohio Electric system, was notified Friday.

Lines between Lima and Toledo, Springfield, Columbus, Newark, Zanesville, Dayton and Union City will be affected by the change. The lines to Fort Wayne and Defiance will remain under central time, Mason said.

Entrance of the Ohio Electric into the union-interurban station at Toledo and the fact that the cities in the southern and central part of the state are under eastern time is said to have caused the change.

A number of changes will be made in the schedules on these lines, Mason said. These will be ready for publication early next week.

CENTRAL AND SOUTH HIGH IN CONTEST TONIGHT ENTER CONTEST IN FINDLAY

Spirit of competition between Central and South High schools will be at a high pitch the coming week, when the two will vie with each other in song.

The two schools are preparing for the event and will meet at Central High school auditorium, Friday evening, to compete for honors in mixed choruses, boys' and girls' glee clubs, numbers, quartettes, duets and solos.

The session tonight is preliminary to the West Central Ohio Interscholastic meet to be held at Findlay, April 28, which both schools will enter in every event.

Prof. G. A. Lehman, of Bluffton college, will be adjudicator of music and the conductor will be Ira R. Longworth of Lima.

HARDING SIGNS RADIO BILL
WASHINGTON—President Harding today signed the radio bill, extending for three years the use of the navy radio equipment for transmission of news messages in the Pacific.

The senate wanted the extension of four years, but finally compromised on three.

RAZZIN' TH' RADIO FOR CONGRESS

REPRESENTATIVE Brennan, Detroit, has a wireless idea. Wants to set breach-loading radio broadcaster in House and Senate so anybody with tuning fork can horn into nation-saving conversation. As if the unemployment situation wasn't bad enough as it is.

SURGERY CURING INSANITY

Revolutionary Strides Shown in New Jersey Hospital

TWO OUT OF THREE RESTORED

Doctor Proves Mental Disorders May Be Prevented

(BY EDWARD M. THIERRY)
TRENTON, N. J.—(Special)—
Revolutionary strides in solving the problem of the insane have been taken by Dr. Henry A. Cotton, medical director of the New Jersey State Hospital. Insanity loses many of its terrors in these things Dr. Cotton has done.

Proved that two out of every three "incurable" cases are curable. Showed that physical disorders, such as infected teeth and tonsils and infections of stomachs and intestines, cause more insanity than heredity.

Demonstrated that proper care of health will prevent insanity. Turned an asylum into a clinic, a jail into a hospital.

Discarded all straight jackets and other forms of mechanical restraint. Rescued 1000 patients, two-thirds of whom would be called "incurably insane" in the last three years.

Reduced New Jersey's insane population, saving \$116,000 this year. Curative and preventive measures must be begun early, says Dr. Cotton, who has given the world the remarkable results of the work done at Trenton State Hospital in his book, "The Defective Delinquent and Insane."

EARLY TREATMENT IS ESSENTIAL

Treatment in the first few months or within the first year is necessary. After three or four years the case is hopeless.

"Unfortunately for the many chronic patients confined in hospitals for the insane today," he says, "their disease has progressed to the stage where remedial therapy is entirely unsuccessful. There are at Trenton 900 cases of dementia praecox, none of whom will ever recover."

"Over 50 per cent of the permanent residents in state hospitals belong to the dementia praecox group. Practically all of these cases could not only have been prevented but their symptoms arrested after the onset, if the methods of eliminating chronic infection had been applied in the course of the disease."

"There can be no excuse for failure to treat such cases in early stages now that the cause is known. RELIO OF MEDICAL SUPERSTITION"

"The do-nothing policy of those who continue to oppose any form of treatment, because they are convinced that insanity is hereditary and therefore inevitable and incurable is a relic of medical superstition and barbarism."

Insanity is increasing in America four times as fast as population, Dr. Cotton shows by statistics. A quarter of a million persons are in insane asylums, not counting those in almshouses, prisons and reformatory. New York and Massachusetts have the most insane in proportion to population, and Arkansas, Alabama, Oklahoma and New Mexico the fewest.

Surgical operations to correct physical defects have reclaimed many of New Jersey's insane. As against 37 per cent discharged prior to 1914, 77 per cent were cured in 1919, 65 per cent in 1920 and 70 per cent in 1921. Elsewhere in the United States, says Dr. Cotton, not over 25 per cent of insane patients are sufficiently improved to be discharged permanently.

"Hereditary insanity exists in only a little more than one-half of the patients classed as incurable," says Dr. Cotton. "Infection is the cause of more than 'insanity in the family.'"

NEVER HAVE FAILED TO FIND INFECTION

"Many cases occur in which such causes as love affairs, disappointment in love, domestic difficulties, conjugal disharmony and financial reverses are considered to be the only cause. In these cases we have never failed to find serious and often extensive infection."

"Following the removal of this infection, if the disease has not been of too long duration, the mental disturbance is very apt to adjust itself."

"When proper treatment of the insane becomes generally effective throughout the country many patients now doomed to life-long confinement in hospitals for the insane and to a mental darkness to which death is far preferable, can and will be restored not only to mental health, but in many cases to a life of usefulness."

In terms of dollars Dr. Cotton's revolutionary methods of reclaiming the insane has saved \$10,000,000 in the 1000 cases permanently cured during the past three years. Statistics show that it costs \$10,000 for every indigent case committed for life—and two-thirds of all commitments are for life.

Dr. Cotton's method is a complete diagnostic survey of every patient. He urges modern hospital equipment in all state insane institutions, including the X-ray and laboratory and dental clinics and surgical facilities so that all methods of modern progressive medicine may be used in the treatment of insanity.

AMERICAN LEGION DANCE TO BE HELD ON APRIL 21

The annual dance to be given under auspices of Paul Gallagher Post No. 96, American Legion will be held in the K. of C. hall, Friday evening, April 21, Commander Connors announces.

Sale of tickets is progressing rapidly various prizes being offered for the highest total of sales.

The post cleared more than \$1,600 a year ago with its dance and expects to repeat this time, Connors said.

Installation of officers, elected one week ago will be held Friday night.

Dresses for All Occasions Every dress positively a higher cost model. Season's Newest Shades \$15 Crepes Weaves Taffeta

ARRIVAL OF YANKS EXCITES TURKS

Two American Tourist Steamers
Reach Constantinople

80 MILLIONAIRES ABOARD

U. S. Flags Are Waved and Band
Plays Dixie

CONSTANTINOPLE — (Associated Press) — Americans and Turks were delighted by the arrival here recently of two American tourist ships carrying together more than 1,000 passengers, among whom there were said to be more than 80 millionaires.

Revival of the American tourist business had been awaited here with great anticipation and the Americans received more than a cordial welcome from their compatriots connected with relief work as well as from the keepers of Turkish bazaars anxious to sell souvenirs to their visitors.

BAND PLAYS "DIXIE"
One of the ships sailed into the harbor of Constantinople with its band playing "Dixie," while the Americans in the Near East Relief orphanages on the waterfront waved American flags.

The Americans found Constantinople harbor filled with the warships of every nation, a country still at war and a city with more than 150,000 refugees. Passengers of both ships took up collections for emergency relief, gave donations for orphanages and refugees and promised to send their winter clothing to Constantinople when the trip was over.

PULLED INTO SHOPS
The merchants were all excited over the arrival of the Americans and fairly pulled the tourists into the shops in their eagerness to sell.

Some of the visitors entertained Rear-Admiral Bristol, American High Commissioner and Mrs. Bristol in the Muscovite, famous Russian restaurant. The American visitors were served by girls who were formerly members of old Russian aristocratic families who came to Constantinople two years ago as refugees.

As a parting gift the tourists sent to the Near East Relief orphanages on the Bosphorus the favors given at the various dances.

FOR BAD STOMACHS AND BOWELS

Here is Quick Relief Guaranteed at
Little Expense

There is no need for anyone to suffer from stomach and bowel trouble, no matter how long they have had it nor how many remedies they have tried that failed, if they will just go to the nearest drug store and get a bottle of Nerv-Worth for one dollar. If you are not satisfied after using the first bottle the druggist is authorized to give back your money. Hundreds of people in this state now boldly state that there is nothing like this great remedy to give relief to stomach and bowel trouble, no matter how serious or severe.

If you would ask Miss Smith, of Dunbar street, Dayton, O., about Nerv-Worth she would tell you that she had a complete breakdown from stomach and bowel trouble, had sick headache and such dizzy spells that she was afraid of falling in the street. She used Nerv-Worth with her bowels. The pleasant taste of Nerv-Worth makes it attractive to women and children and its certain action in all kinds of stomach and bowel trouble makes it a splendid family remedy. You can buy it at any first class drug store for one dollar a bottle. If the first bottle doesn't satisfy you with the results it gives the druggist is authorized to refund your money.

Nerv-Worth is sold and recommended by Young, Van Wert, Gasson's Drug Store, Lantz Drug Store, Kenton, Powell's Pharmacy, Bellefonte, Nesbitt's Dispensary, King & Stallkamp, Delphos, Ohio.

Mrs. E. A. Stevens

Vitality and Strength
Follow This Advice

Cambridge, Ohio.—"As I look back I wonder how much sickness I could have avoided, had I known of an old friend, Dr. Pierce's Favorite Prescription when I first showed signs of nervousness and a decline in strength. I was willing to try anything that was suggested to me and did try many things, but none seemed to reach the seat of the trouble or do me any good. At last I heard of Dr. Pierce's Favorite Prescription, when my condition was very low, and its tonic strengthening effect was felt before the first bottle was entirely used, by increased strength and cheerfulness of spirits. I continued taking it until I had used six bottles, when there was no need for me to use it further, as I was a well woman."—Mrs. E. A. Stevens, 405 S. 5th St.

Obtain this "Prescription" of Dr. Pierce's now of your nearest druggist, in tablets or liquid, and start on the high road to health and good looks. Write Dr. Pierce, Pres. Invalids' Hotel in Buffalo, N. Y., for free medical advice.

LADY ASTOR WILL TALK TOLERANCE

Coming to Home Land to Mingle With Women

URGES EQUALITY AT LAW

Sisters of Two Nations Have Common Purposes

BY MILTON BRONNER
LONDON—(Special) — "One of the things I would like to talk to Americans about when I visit my home land is—TOLERANCE. Spell it with capitals."
It was Lady Astor, M. P., formerly Miss Nancy Langhorne of Albemarle, Va., speaking. She will arrive in the United States within a few days with her husband, Viscount Astor, and Hon. Mrs. Alfred Lyttleton.
She is going primarily on the invitation of the League of Women Voters, who will have their national convention in Baltimore. She expects to address them and possibly the English-Speaking Union in New York. She also may go to Philadelphia and Chicago. She expects to be back in her seat in Parliament in mid-May.
"From what I read, from what I hear," said Lady Astor, "I get the impression that in American there has been a reaction since the war. There is some tolerance of the views, beliefs, political opinions of one's neighbor. There is a desire to standardize the minds, the morals, the thoughts of people."
"Tolerance, according to my views, is a happy mingling of mercy with justice. Moses brought the laws of justice to mankind. Jesus taught the holiness of mercy."
"In America there is abundance of mercy. But is there always justice? It gets the idea that over in England there is perhaps more tolerance."
PURPOSE OF VISIT
"Primarily what I am going home for is that I want so intensely to come into contact with American women. I feel with every fibre of my being that in all essentials the women of America and the women of England want the same things—justice for the weak, protection of the women workers, safeguarding of the children, more and more education, equality before the law in every particular."
"We not only speak the same language, read the same Bible, enjoy the same kind of books and pastimes, but we think very much the same kind of thoughts."
MUCH IN BALANCE
"American women and English women can get together on the same platform as the women of no other two nations in the world can do."
"As an American-born, as a member of the British Parliament, I want to bring them that message. I want to help to draw the two peoples together."
"So much that is good and fine in life, so much that has to do with peace and happiness, depends upon the two peoples understanding and appreciating each other."
"I want American women to understand England. There is much that is lofty and splendid over her that is well worth their knowing. There is so much that is equally lofty and splendid in America that is worth England's knowing. It is simply a matter of becoming better acquainted."
Then she turned upon the interviewer and said, "What will the reporters ask me when I land in America?"
"Your opinion of Margaret Asquith, perhaps."
"Mum's the word," she laughed. "Lloyd George?"
"I don't want to talk politics."
"Prohibition?"
"Prohibition in America is the law of the land because it is the will of the mass of the people of the country. To ridicule the law, to violate the law proves nothing. The fact that proof that prohibition is the will of the majority of Americans is this—no political party would dare go to the stump and advocate the repeal of the law."
"League of Nations?"
"I don't believe that America can permanently turn her back to Europe and mutter something about her not being her brother's keeper. It doesn't comport with the fine, generous character of America."
"Women in politics?"
"I think American women will in the next few years make their influence felt tremendously. They are bound to. They have the votes, they have brains and they are serious readers. Politicians and political parties nowadays over here are keen to know what the women want, what they think. There is such a tremendous difference between Anne Smith with a life-sized ballot in her hand, and Anne Smith, merely the daughter or wife or sister of a male voter."
"Well, in America you have some twenty million Anne Smiths. It's for them to say what they want and then proceed to organize and vote to get it."

QUITS DANCING FOR PREACHING

WASHINGTON — Miss Nell E. Mays, 19 and attractive, has given up a life of social pleasure and has turned to evangelistic preaching. She is attracting scores of professed converts.
"I used to dance and liked it," she says. "Then I realized life didn't consist simply of dancing and I stopped it."
"To those who ask about dancing now I say: If you can take Jesus with you to the dance hall, keep on dancing. I never could find His footprints there."

MISS MAYS

PERSONAL PROPERTY TAX RETURN MUST BE SWORN TO

Personal property returns are being received at the office of the county auditor and many are not sworn to. C. R. Phillips, county auditor, says there is nothing to do but forward the returns back to the maker and let them try their hand again.
All personal tax returns must be sworn to. Unless this is done, they are incomplete and will not be accepted. In case the person is unable to secure a notary public at the place where he resides, assessors in the lobby of the court house will administer the oath to the property owner.

Stomach Trouble Of 30 Years Standing Was Ended When I Took

TANLAC

It made a new man of me, declares J. E. Barker, 815 Miller St., Petersburg, Va. When such remarkable testimony is heard on every hand there

can no longer be doubt about the merits of this wonderful medicine. Get a bottle today. At all good druggists.

Cuticura Heals Face Disfigured With Large Pimples

"I was troubled with pimples and blackheads on my face. The pimples were hard, large and red, and festering and then scabbed over. They itched so badly that I could not rest at night, and my face was disfigured. The trouble lasted about two months."
"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I bought more, and after using two boxes of Cuticura Soap and one box of Cuticura Ointment I was healed." (Signed) Miss Ruby Thomas, R. R. 2, Somerville, Ohio, July 15, 1921.

Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.
Sample Book Free by Mail. Address: Cuticura Laboratories, Dept. B, Malden, Mass. Send only 10¢ for Cuticura Soap without mail.

Easter Footwear Bargains In Crawford's Down-Stairs Store

Special Sale of Patent Oxfords \$5.85

For Friday and Saturday—a beautiful lot high grade patent kid oxfords, Military heel, Goodyear Welt sewed soles, also same style all patent leather low broad heel, "Jazz" Oxfords—strictly our regular \$7 and \$8 grade which we have just moved "downstairs" to close out quickly at \$5.85.

FANCY STRAP PUMPS, \$4.85

A sparkling new fancy strap, four-button pattern, black kid dress pump, with Cuban heels, hand turned soles, reinforced shank. A wonderful value and a very dressy pump, priced extremely low for quick selling. In all sizes and widths.

VERY SPECIAL BROWN AND BLACK OXFORDS, \$2.98

An opportunity to secure good footwear, dependable and serviceable, at an unusually small price. In black kid, and brown calf, low heels, and in all sizes. Suitable for big girls and women.

WOMEN'S COMFORT SLIPPERS, \$2.98

Do not suffer with your feet—try a pair of these unusually soft, comfortable black kid strap slippers, with Cuban or low broad heels, made especially for tender feet and for hot weather wear. Many styles to choose from and in all sizes. See these in our "Down-Stairs" department.

Women's Oxfords and Dress Pumps

BIG VALUES IN OXFORDS, \$4.85

We have just moved "Down Stairs" several hundred pairs women's tan calf oxfords in light or dark shades, also black calf oxfords with military heels, which were bought to sell at \$7 and \$8 a pair. To discontinue these style numbers we have reduced the price to your choice, \$4.85. Widths AAA to D, sizes 2 1/2 to 8 1/2.

BROWN AND BLACK KID OXFORDS, \$4.85

Unusually good brown kid and black kid lace oxfords, military heels, Goodyear welt sewed flexible soles, very serviceable and comfortable for spring and summer wear. In all sizes and widths, A to D. See them "Down Stairs."

BROWN KID DRESS PUMPS, \$5.85

The biggest money saving event of the season on smart stylish new brown kid dress pumps with full Louis heels, hand turned soles, fancily perforated around collar, and made over a one-strap pattern. AAA to D, 2 to 8 1/2. A regular \$10 model which we are discounting.

SMART DRESS PUMPS With the New Junior Louis Heels \$5.85

A beautiful lot patent kid, dull kid and black suede, also some black satin, high grade dress pumps, one-strap pattern, with the new Junior Louis Heel—selling regularly all season at \$8 and \$10 a pair—just moved "Down Stairs" to discontinue at only \$5.85. These are excellent values—don't miss them, if you're going to need dress footwear soon. AAA to D.

Shoe and Oxford Bargains for Men and Boys

COLLEGE COURSES IN YOUR HOME

President of Big Institution Sees Possibilities of Radio

LECTURES ALREADY SENT

Obstacles Will Be Overcome Croesus Believes

J. A. COUSENS

Important plans

LECTURES SENT OUT

The lectures sent out to date have been those with a popular appeal.

The first lecture was by Professor Wootter of the Economics Department on "The Story of Money."

It is quite possible to organize radio lectures into regular college courses, but the desirability of attempting this end and the practical obstacles which would have to be overcome constitute a question for the future.

Certainly fullest possibilities are worth striving for, because any method which tends to make knowledge more valuable is of immense value.

Tufts College's special interest in the wireless telephone is due to the presence on the campus of the radio laboratory of the American Radio and Research Corporation, a company organized by Tufts men who have received their training in the Tufts Engineering School.

The facilities of this laboratory, used by advanced students in the engineering courses, were placed at the disposal of the college for use in connection with the million-dollar endowment fund now being raised.

The radio advertised the campaign for funds with good results.

Then the idea arose that the station might be used as a direct adjunct of the college. On investigation we discovered that radiophone lectures by members of the faculty proved interesting to those who listened to them. Hence it was decided to continue and elaborate upon this departure in educational service.

Both the Engineering and Liberal Arts Schools are represented on the faculty committee in charge.

Subjects of wide appeal, those dealing with questions of economics, history and political science, will make up the educational program of the wireless lectures for the immediate future.

WOMAN BEATEN AND ROBBED BY BANDITS

CLEVELAND—A sixty-year-old woman was beaten by two bandits outside an east end theatre early today while two other bandits held her two sons and a third man at bay with revolvers. After relieving the mother of small sums of money the robbers confiscated the automobile belonging to one of them and locked their victims in the theatre office. The robbers then escaped in the automobile.

The woman, Mrs. Antonio Patala, was leaving the theatre, owned by her sons when she was confronted by three men with leveled revolvers who demanded her money.

Mrs. Patala attempted to escape she was struck in the face by one of the robbers and her handbag containing \$25 wrested from her.

\$25,000,000 HEIRESS WILL MARRY SURGEON

SAN FRANCISCO—Miss Delora Angell, 29 years old, Pasadena, who will come into possession of \$25,000,000 left by John W. "Bet a Million" Gates, which she is 22, disclosed definite plans here today for using part of the fortune.

She says she expects to marry a young American surgeon who has an ambition to maintain a hospital for the poor. She did not name the surgeon nor indicate that his name is known to her as yet.

BURIAL OF E. T. BENSON TO TAKE PLACE SATURDAY

Funeral services for Ellisha T. Benson, 57, colored, of 402 N. Woodlawn-av., will be held Saturday at 2 p. m. at the Second Baptist church. Rev. L. R. Mitchell, pastor, will officiate. Interment in Woodlawn.

Death followed a short illness from pneumonia. He is survived by his widow and two daughters. Mrs. Viola Williams, Findlay, and Mrs. R. E. McCoy, Indianapolis.

ELEVATOR IS SOLD

DELPHOS—C. O. and S. B. Krugh, of Ohio City, have sold their grain elevator on E. Third-st here to Samuel Heston, who formerly owned the business until last August. The change of ownership is effective April 24.

INJURED IN ELEVATOR

DELPHOS—Herman Rauschart was severely injured at the Standard grocery here when one end of an elevator floor gave way and he was precipitated to a concrete floor 14 feet below, striking on his back.

JOB BUREAU URGED

COLUMBUS—Establishment of a free employment bureau for teachers as part of the labor division of the state department of industrial relations was recommended by W. J. Blebsheimer, director of the division.

TRIAL OF MINERS OPENS APRIL 24

Several Hundred Face Serious
Charges in West Virginia

RESULT OF RECENT BATTLE

Courthouse Where John Brown
Was Sentenced is Scene

CHARLES TOWN, W. Va. (Special) — In the same court house where John Brown, the abolitionist, more than 50 years ago was sentenced to death for treason, several hundred miners will go to trial starting April 24, on charges ranging from misdemeanors to murder and treason.

These defendants are alleged to be members of the miners' army which marched on Mingo and Logan counties last August and engaged in pitched battles with state troops.

Heading the long list are C. F. Keeney, president of District 17 of the United Mine Workers of America; Fred Mooney, A. C. Porter, William Blizard, Isaac Scott, Lawrence Dwyer and Frank V. Snyder, editor of a labor paper.

AGAINST CONDITIONS
The miners' "insurrection" was the outgrowth of a protest meeting against alleged conditions in the mine fields. Mob psychology got in

to action and miners began assembling at Marmet, W. Va. Leaders announced they would move on the Logan county coal fields, carrying the banner of unionism.

This move was abandoned when a War Department official held a conference with Frank Keeney, official of the United Mine Workers of America, and Keeney ordered the men to disband.

MOB REORGANIZED

Later, however, miners heard that Captain J. H. Brockus of the state constabulary had made a raid and disarmed some miners at Sharples, and remobilization occurred. The march shortly began and Logan-co. mobilized forces of deputy sheriffs to give battle.

Logan defenders repelled the invaders time and again. Army trucks and airplanes were put to use and actual warfare lasted for a time.

Then federal troops were dispatched and the miners' army was hemmed in. It disbanded.

The actual casualties were never known. Logan lost three or four men and the miners were believed to have sacrificed many more.

Sheriff John Gore was slain at Blair Mountain and many charges of conspiracy to commit murder are based on this.

Grand juries immediately started an investigation and hundreds of indictments were returned. Arraigned in Logan-co. the defendants

were granted a change of venue to Jefferson-co. where their trial, April 24, will start in the historic courthouse.

Judge John Mitchell Woods, of Martinsburg, W. Va., will preside at the trials. He is serving his second eight-year term as jurist on the twenty-third West Virginia circuit. He sits in three counties, Morgan, Berkeley and Jefferson.

Black Raven is sold by the following dealers:
Potter Motor Equipment Co., 124 North Elizabeth St., Ebling Auto Supply Co., 218 West High St., Fisher Garage, 183-85 East Spring St.

HERE'S HINT , MARRIED WOMEN, ON KEEPING HUBBY HOME NIGHTS-NEWS PICTURES

Content Him By Color in Living Room

Green and Blue Combination Works Best, Says Expert Who Made Tests

CLEVELAND — (Special — Do you want to keep your husband contented; to make him stay at home evenings and like it?

Then use green or blue combinations in decorating your living room.

Or, if he is inclined to be pessimistic, see that there is plenty of yellow in the wall papers and draperies.

That's the prescription of Elsie Lincoln Benedict, noted psychology lecturer who has recently finished a series of tests on the result of color and surroundings on efficiency.

"The reaction is immediate," she says. "The wife who wants to keep her husband happy and contented should study his disposition before arranging his home, for the psychology of color has a far-reaching, almost subconscious, effect upon our dispositions, temperaments and moods."

OFTEN SUBCONSCIOUS
"Anyone who is surrounded by harmonious furnishings — hangings or furniture — feels their influence whether he knows it at the time or not."

"The greatest business concern of America has shown their recognition of this in the refurnishing, redecorating and rebuilding of their workrooms, shops, offices and lunch-rooms."

"But it is in the home that the influence of furnishings is most felt. The husband, returning to his own fireside after the work and worry of the day, is as much rested by a 'restful' room as by the leisure itself."

"The mother and homemaker of today has one ideal above all others — to make her home one where hospitality, refuge, kindness, and leisure are to be found, away from the outside world."

"Nothing adds to this impression more effectively than tasteful furnishings, harmoniously combined. The old days of gewgaws and bric-a-brac have given way to quieter, plainer but more 'homey' decorations. In fact we have few decorations — preferring to 'decorate' with the furniture itself."

"The child who grows up in a properly furnished home carries memories all his life that are helpful and uplifting, while the one whose memory-picture of home is otherwise has missed a very beautiful thing."

An outline of proper combinations follows: For colorful rooms use yellow, orange and red. For restful rooms use green and blue. If you are apt to be pessimistic use plenty of yellow. Violet is a neutral color."

Elsie Lincoln Benedict says women can do much to content their husbands by color combinations in their homes.

HEY! HOW'S THE WEATHER UP THERE? — Major Page, said to be the smallest man in the world, recently met Earl Richter, the tallest man in Minneapolis. The major is 35, is 32 inches high and weighs 26 pounds. Richter, 29, is six feet seven and weighs 232.

PUBLICITY OF ALL DEALS DEMANDED

Chinese Suspicion of Government's Transactions

FORM SUPERVISION SOCIETY

Close Watch Kept on Financial Operations

PEKING — (Associated Press) — Interest in the financial situation and the handling of government loans has become so acute among the Chinese people that a society has been organized called the People's Financial Supervision Society. No foreign loan is ever contracted by the Ministry of Finance without an immediate clamor on the part of the people, and all financial dealings of government officials and of the government banks are regarded with suspicion by popular organizations. In order to allay this suspicion and keep informed on all matters of finance the new society has been formed with the express purpose of supervising the financial operations of the government and of the two government banks, the Bank of Communications and the Bank of China.

The immediate program of the Supervision Society is one of opposition to the \$30,000,000 loan on the salt surplus which is being negotiated by Minister of Finance Chang Hu. At the first meeting of this self-appointed supervisory board several resolutions were passed condemning the salt surplus loan, demanding investigation and publicity, and warning the Chinese Banking Association. Representatives were appointed to express to the Banking Association and to the Ministry of Finance the attitude of the people toward the loan and government finances in general. Full publicity in every financial operation is the outstanding demand of the People's Financial Supervision Society.

DIVORCE CASES SET DOWN FOR HEARING FOLLOWING EASTER

Following Easter, until the advent of May, the docket in common pleas court will see a number of divorce cases erased from its pages, by trial. All cases will be contested. The most sensational probably will be that of Emma Whetler, rear of 421 S. Main, against Edward Whetler, 945 St. Johns-av. set for April 18 at 1 p. m. Judge Becker will preside. Growing out of the case, Whetler has a damage suit for \$5,000 pending against W. W. Watkins, whom he named as co-respondent in the divorce suit. Upon the outcome of the divorce case hinges results to be attained in the damage action. The contested divorce case of Hazel A. Ramsdell against Wesley Reed Ramsdell, A. glaze-tp, farmer, is set for trial April 21 at 9 a. m. The case of Mamie L. Zelno against Stanley J. Zelno is set for April 21 at 1 p. m. Other cases set for trial are: Hazel Uphogrove against Henry Uphogrove, on April 19 at 1 p. m. and that of Crockett against Crockett, April 19, at 9 a. m.

DRY AGENTS HIT BY CONGRESSMAN

Declares Disregard for Law Rampant Among Them

CITES CASE OF KILLING

Comments on Holdup of Farmer in Alabama

WASHINGTON — (Special) — Crimes committed under cover of law by officers of the law who, seeking to enforce one statute, themselves break another, are one of the grave problems government authorities must somehow solve, says Congressman George Huddleston, of Birmingham, Ala.

In this, Huddleston backs up the charges made by Senator Walsh of Montana that violations of law by those whose duty it is to enforce law develops a vicious circle by engendering among the people generally a disrespect for the badge of authority.

"Particularly is disregard for law rampant among prohibition officials," says Huddleston. "I am a believer in prohibition myself. I am not talking anti-prohibition doctrine when I say this."

"But the idea apparently held by a large number of prohibition enforcement officers is that they are sent out to break up the liquor traffic and that they are justified in using whatever means are necessary to that end."

"The majority of these men do not regard themselves as law enforcement officers. They are 'prohibition officers.'"

"Apparently they do not realize

that the eighteenth amendment is no more important than other sections of the constitution.

"Near Birmingham recently two farmers from far back in the country were held up by prohibition agents as they approached Birmingham with a load of produce."

"One of them, Curtis Tidmore, was shot and killed. The other was arrested charged with resisting officers."

"The officers claimed to have had information that the men were bringing moonshine whiskey to town. None was found in their wagon and

no evidence has been produced to show there was any basis for suspicion."

"Exemption from unreasonable searches and seizures is fundamental. It is fundamental not because it is a part of the constitution, but because there can be no such thing as civil liberty without it."

SENATE WARNED OF ARMY CUT

Proposed Slash Perils U. S.
Staff Officer Says

'SOMETHING MUST GIVE WAY'

Personnel Less Than 150,000,
Dangerous, He Declares

WASHINGTON — (Associated Press) — The regular army cannot accomplish the task set for it by law with a personnel of less than 150,000, Major General J. G. Harbord, deputy chief of staff, declared today before the senate appropriations committee in connection with its consideration of the pending army appropriation bill. To attempt to carry out the work laid down for the war department with less than 150,000 men, he said, would mean that "something must give way."

"There is a minimum limit below which you cannot go with safety," General Harbord told the committee. "The air service cannot be efficient below 15,000 men; the cavalry and field artillery cannot safely be diminished. If 150,000 or more men cannot be had, then in my judgment congress should frankly state a different mission for us and not mislead the country on our national defense."

STRENGTH REDUCED
Comparison with the pre-war army authorized in 1916, would be misleading, the deputy chief of staff asserted, since the army then numbered sixty-five regiments of infantry against thirty-eight at present, twenty-five cavalry regiments against 14, and 21 regiments of field artillery against 18, not to mention numerous new units which have since been added, all of which have tended to reduce the strength of the "fighting elements."

"I believe the appropriation as passed by the house of representatives is dangerously small and imperils the national defense," General Harbord continued, "particularly striking at the national guard, the organized reserves, the reserve officers training camps and the civilian military training camps."

FUNCTIONS OF DEPARTMENT
General Harbord outlined the functions of the war department as laid down under that law. The first and primary duty, he said, was to "train and develop the national guard."

Among other responsibilities of the war department, he included maintenance of necessary schools for training component parts of the army, maintenance of "the administrative overhead" for the regular army, national guard organized reserves, and to "maintain a well trained force for emergency purposes."

The school system, he said, took 2,671 officers and 5,612 men, the administrative organization 2,276 officers and 14,719 men and the coast defenses "with only thirteen of the twenty-five stations named" required 477 officers and 6,592 men.

"There is nothing practically left at more than care-taking strength south of Charleston or north of Boston," the witness declared.

"Should we be again forced into war," he said, "our overseas garrisons would practically remain as the emergency finds them. It is doubtful if we could reinforce them after war had actually begun, and to do it while relations were strained would probably precipitate matters; the first overt act in the war between Russia and Japan preceded the declaration of war."

NEW BULLETIN BOARD IN HEADQUARTERS OF COPS

Orders are orders and there will be no excuse for policemen to make their portents now, for Chief of Police T. A. Lanker has caused a bulletin board to be erected in the main headquarters room of city hall, opposite the sergeant's desk.

It replaces a small bill file which has been in use heretofore, and is expected to be a great help in facilitating movements of the department.

Other improvements of a like nature are contemplated by the chief, who soon expects to have the station in tip-top shape.

SQUARE-TOED, GIRLS? DON'T FRET!

PAUL TSCHERNIKOFF, THE DANCING TOES AND HOW THEY AID DANCING.

WASHINGTON—(Special)—'The fashionable foot just now' among Washington's debutantes is the blunt, square-toed foot.

It's all because Paul Tschernikoff, ballet master, formerly with Pavlova, who is instructing Washington's society misses in the difficult steps of Russia's pre-soviet dances, declare the short, broad, square-toed foot the best possible foundation for a good dancer.

SHORT-BIG TOE
"The big toe should be short," says Tschernikoff, "and at least the next two toes should form a straight line with it. It's still better if all the toes, excepting the little toe, form a straight line."

"In point work"—Tschernikoff says one should always say "point work," never "too dancing"—this enables the weight of the body to be borne on all four toes instead of on the big toe alone. A lone big toe is one of the greatest possible handicaps in point work."

Ballet dancing is apt to put the beginner to bed, following the first few lessons, unless she is in the finest physical trim.

"It brings into use muscles a lot of the girl never before knew they had," Tschernikoff says. "After the

first few lessons they are likely to be so sore and stiff they can hardly get out of bed. But those that have the grit to stick to it develop a physical stamina and agility that few sorts of exercise can give."

SLENDER FOOT PASSES

A love of dancing, a sense of rhythm and natural grace are all helpful to the successful ballet artist. But the foot is the foundation. And that, if not actually stub-toed, should be at least square-toed.

Which confronts society's flappers with the enigma:

"Is the long, slender foot, formerly so fashionable, after all to be desired?"

"Give us square toes and a chance at Tschernikoff's ballet," is the verdict of Washington's debs.

JOHN D. DODGE WILL GO ON TRIAL MONDAY

KALAMAZOO, Mich.—John D. Dodge, Detroit millionaire, must stand trial in the circuit court here Monday morning in answer to a charge of carrying and possessing liquor, despite a small legal technicality which has come up in the proceedings. It was stated at the court here today.

RUM SHIP SEIZED

25 Barrels of Whisky Found
Aboard British Schooner

NEW YORK — (United Press) — A British schooner was overhauled and seized by a police motor boat patrol in the bay off 69th-st. today. Twenty-five barrels of rye whisky and hundreds of bottles of Scotch were found on board.

The ship was under an assumed name, the "Schooner Red." The vessel proved to be the W. T. Dodd, of British registry, from Nassau. Its captain, Herman Hadley, said he was bound for St. Pierre, Canada.

Sergeant Gibbons, at the head of the police patrol, went over the schooner's side, pistol in hand, after his motor boat, in which he was scouring the bay for suspicious craft, overtook the W. T. Dodd. The name "Schooner Red" was prominently displayed on the vessel's side, but Gibbons had no difficulty in bringing the ship's officers to terms.

Captain Hadley protested against the seizure, saying he was bound for a British port. Search of the vessel disclosed the contraband liquor.

The ship was held.

COUNTY HEALTHER PLANS WORK FOR YEAR; COUNCIL TO MEET HERE ON MAY 1

Report of the work accomplished during the year by the Allen-co health commissioner will form the basis of suggestions for work next year, following presentation of these facts by Dr. J. J. Sutter, health commissioner, at the meeting of the District Advisory Council, to be held at Memorial-bldg on May 1.

The district, which comprises all of Allen-co, has as members of its advisory board presidents of boards of township, trustees and mayors of villages.

The term of A. J. Gray, Lima, will expire and at the May meeting the vacancy will be filled. The term is for five years.

Recommendations will be received by the board from members present. The program to be outlined for the coming year will be more extensive than that previously undertaken, Dr. Sutter says, the object being to make Allen-co one of the healthiest communities in Ohio.

HOSPITAL BILL PASSES

WASHINGTON — The house bill authorizing an additional appropriation of \$17,000,000 for hospital facilities for disabled former service men was passed unanimously today by the senate and now goes to President Harding for final approval.

WEATHER MAN IS FLAPPER FRIEND

WASHINGTON — (Associated Press) — The much criticized flapper found a friend today in the weather bureau, which indicated that she might go forth on Easter wearing her bright colored tweed suit and periwinkle hat without fear of rain.

Generally fair weather for Sunday was seen by the bureau for that portion of the country east of the Mississippi river and probably for the southwestern states. Unsettled conditions, however, may prevail from the Great Lakes west to the Pacific coast, it was said.

Moderate temperatures will be experienced thru the south, while in the north the weather generally will be cool, but not cold.

OLDEST COLORED WOMAN IN CITY, DIES AT 83

Mrs. Eliza Smith, 83, one of the oldest colored women in the city, died at her home, 1434 W. North-st. Friday at 2:50 a. m., after an illness of six days from heart trouble. She was born in Walton, Ky.

Mrs. Smith was the mother of Mrs. Belle Hicks and Misses Estella and Ada Finkel, all of Lima. William Smith, Columbus, is a son. Funeral arrangements have not been completed.

M'GANNON APPEALS TO SUPREME COURT

COLUMBUS—Judge William H. McGannon of Cleveland, convicted of perjury in the Cuyahoga-co courts, today filed a motion in the supreme court looking to the prosecution of error from the lower courts.

The supreme court has agreed to review the case of Vincent C. Nigro, convicted in the Tuscarawas-co courts of having placed dynamite on the premises of Harry Bowers at New Philadelphia. Nigro alleges that the indictments against him bears the purported signature of a grand juror who had been excused from service.

LIMA LODGEMEN PLAN TRIP TO MOOSEHEART

Lima Moose will visit Mooseheart, the children's home maintained by the international Moose lodges, Sunday, May 28. R. R. Trubey, dictator announced Friday.

Arrangements have been made to secure a special train over the Pennsylvania, direct to Chicago, without a stop. At Chicago the special will be switched over to the Burlington railroad. Mooseheart is located 35 miles west of Chicago.

Six Lima boys and girls are receiving an education in Mooseheart. More than 400 Moose will make the pilgrimage, Trubey predicts.

OFF TO SEE POLAR WEALTHRACE

Lone Wolf to Witness Contest of Explorers

SAILS FOR THE ARCTIC

Winner Expected to Reap Radium and Diamonds

(BY GENE COHN)

SAN FRANCISCO — (Special) — Captain C. D. Pedersen, "lone wolf of the Arctic," is hurrying to get a ringside seat under the Aurora Borealis.

From that vantage point he wants to watch history's greatest international marathon across the top of the world in which the untold riches of the northland will reward the victor.

Principals in the international race to the pole will be Roald Amundsen, discoverer of the south pole, who'll represent Norway, and Vilhjalmer Stefansson, who'll carry the flag of Great Britain.

They'll start as soon as the ice breaks up—Amundsen from Seattle with a ship equipped with airplanes and radio, Stefansson from Wrangell Island with the old-fashioned equipment of dog-sled.

STAKE IS LARGE

The two explorers tell the world they'll shut themselves off from civilization and risk their lives in Arctic ice-packs for the glory of discovery and scientific achievement.

But "Wolf" Pedersen says there's more than that in the expedition. He sees a race for vast treasures hidden behind the ice barriers.

He says the explorers are seeking for Norway and England great radium mines, vast oil fields and coal deposits, fossil ivory, diamonds, areas of fertile land where reindeer thrive.

And Pedersen ought to know.

For every year in the last quarter century the "lone wolf" has carried the American flag into the Arctic at

LONE WOLF SAILS FOR ARCTIC

THE WHALING SCHOONER "HERMAN" IN WHICH CAPTAIN C. D. PEDERSEN (LEFT) WILL SET OUT FOR THE ARCTIC TO WATCH THE INTERNATIONAL RACE TO THE POLE BETWEEN ROALD AMUNDSEN (RIGHT, ABOVE) AND VILHJALMER STEFANSSON (RIGHT, BELOW).

the masthead of his whaling schooner "Herman."

RESCUED AMUNDSEN

He's one of the unsung solvers of the northland mysteries. He knows the ice lanes of the north as you know the streets of your city. Scarcely two years ago he rescued Amundsen when the famous explorer was marooned in an ice sea.

"I cannot believe," Pedersen says, "that England and Norway have gone to this great expense purely for exploration purposes."

"For I myself have seen oil oozing from the ground and from a lake near Point Barrow—oil so pure that natives burn it in lamps without refining."

"And I have seen coal beds so easily tapped that even the lazy natives use them."

RADIUM AND DIAMONDS

"That is not all—I have heard tales of fossil ivory, of furs of radium, of great meteoric diamond beds

that formerly furnished crown jewels for Russia. The wealth of the Arctic is tremendous."

The crack of the opening ice will be the starting signal for the great international race—the old method versus the new, the patient Arctic dog versus the airplane and ship.

Pedersen now is clearing his whaler for a start north.

And when the contestants leap forward Pedersen will be "in the grandstand" beneath the northern lights!

FOUND DEAD

STEUBENVILLE—Earl Wynings, 19, was found dead, pinned under his touring car near his home in Jewett, Ohio. The young high school student had been dead several hours when found by passing motorists.

KILLED BY COW

BOWLING GREEN—William T. LeGalle, 76, was killed when an unruly cow forced him against a manger.

SINGLE STANDARD OF MORALITY IS ADOPTED

CHICAGO — The single standard of morality has been put into effect by the city health department, Dr. H. N. Bundensen, health commissioner, announced today. Hereafter, Dr. Bundensen announced men and women brought to the department thru violations of the moral code will be treated alike—isolated in the city hospital. Heretofore the men have been released.

The new law went into effect when the father of a girl was permitted to pass sentence on a boy who was believed to have communicated a disease to her. Dr. Bundensen called in the young man and the girl's father decided that the boy, son of a wealthy furrier, should be treated the same as the girl—forced to remain in the hospital until cured.

STONE BID WINS

Lima Firm to Pave Part of Westminster-New Hampshire-rd

The second link in Allen-co's 33-mile state aid road program became an actuality Friday when the state highway department let a contract to build 1.05 miles of paving along the Westminster-New Hampshire-rd, to the R. Stone Contracting company.

Bids for the work were received by the department on Monday. Stone was the lowest bidder on macadam, with a tar penetration. His price is \$15,994.85 for the section.

Stone plans to commence work on the road as soon as conditions will permit.

Sol Putnam, of Van Wert, as successful in obtaining the contract to build about seven miles of paving along the Van Wert-Paulding-rd. Bituminous macadam is the material selected. The road will cost \$117,997.26, almost \$50,000 less than the estimate made by engineers.

Bids on work in Darke, Mahoning, Knox and Scioto-cos were rejected by the highway department.

The Westminster road is the second to be let in Allen-co this spring. About four and a half miles between Lima and Elida has already been constructed.

KISS IS DECLARED HEALTH AGENCY

Builds Up Hope and Courage, Psychologist Says

ACT SYMBOLIZES WORSHIP

Proper Time and Place, Anywhere, Any Time

DR. SIMON LOUIS KATZOFF

BRIDGEPORT, Conn.—Should a husband kiss his wife in public? A New York woman says "No," and because her husband did, she sued him for divorce. Dr. Simon Louis Katzoff says "Yes," and he has analyzed the subject and told why.

Dr. Katzoff is a psychologist, physician, and author of the book, "How to Hold Your Husband." Here are his views:

WHAT IS A KISS?
Who should kiss? When and where? These are questions that have troubled one couple into the divorce courts. Let us analyze them.

A genuine kiss—not the kind that some society ladies slap on each other's foreheads or noses—is a sign of deep affection, a pledge of devotion, a seal of indenture to one's love.

The kiss symbolizes worship at the shrine of love. Next to love itself, it is the most potent agency for hope, courage, human service and faith.

THE RIGHT TO KISS
Only those who truly love each other have the right to kiss—as husbands and wives, parents and children.

Loveless, heartless or mechanical kisses are mockeries. The genuine kiss is void of superlatives or conventionalities—and spontaneous. It carries, inherent in its surrender of former reserve or artificial dignity.

The time to kiss is when both feel like it. The place to kiss is wherever they happen to be.

The woman who really loves her husband is happy to be kissed by him any time, any place, and in any style. She craves to be kissed. That's more she wants the whole world to know it! She is proud of it.

ABUSED WIVES
There are thousands of women who would like to sue their husbands for divorce on the grounds that they are not kissed at all—not even in private.

A wife who refuses her husband's kiss is revolting against her inner self as a means of freeing herself from matrimonial bondage. It is another way of bringing the "matrimonial bundle" to a head.

Thousands of women who usually crum and repress their feelings finally become psychologically ill. They manifest various diseases and symptoms, such as insomnia, despondency, lack of ambition, headaches, backaches and melancholia.

Most of these women could be all normal and content, if they were not slaves to convention and shippers of vanity, thus making man peacocks and walking hat racks of themselves.

TRANSMISSION OF RADIO

(BY R. L. DUNCAN)

Director, Radio Institute of America

Much has been written about radio receiving stations. But little has been written about the other end—transmitting.

In the next few articles an attempt will be made to explain the intricacies of the sending apparatus. In a radio transmitting station the electric waves that carry the wireless messages in the air are produced by an electric discharge thru the form of a spark coil somewhat similar to the spark coil used in a combustion engine.

Starting at its source of power, let's trace the course of this wave. A motor armature rotates a generator which supplies current to the primary windings of a step-up transformer.

This step-up transformer consists of a secondary winding also. The primary has a few turns of heavy wire, while the secondary has many turns of fine wire.

MAGNETIC LINES
As the current from the motor generator flows thru the primary it builds up magnetic lines of force which cut thru the secondary—thereby inducing a current that is in proportion of the number of secondary windings to the primary. This is usually about 20,000 volts.

From the secondary of the step-up transformer the current passes into a battery of condensers where it is stored for a short time in the form of electrostatic lines of force.

These condensers are different from those employed in receiving. Their capacity is usually from .001 to .003 microfarads.

The most common form of condenser is the Leyden jar. Briefly described, this is a glass jar about 15 inches high, 12 inches in circumference and about 1-8 of an inch thick. It is coated inside and out with copper covered tin foil to within two or three inches of the top. A copper wire strip joins the inner and outer coverings.

It is from this jar that we get the radio frequency oscillations. **RADIO PHENOMENON**

SHUNT—Connection of an electrical instrument across the terminals of another electric instrument to affect, or be affected by, only that apparatus, without regard to the rest of the circuit.

LIMA NURSE IS HEAD OF DEFIANCE HOSPITAL

Miss Daisy Parker, daughter of Mr. and Mrs. I. N. Parker, 1157 W. High-st., is the new superintendent in charge of Defiance hospital. Miss Parker left Lima the first of the month and has just re-opened the hospital in Defiance.

She is a graduate of Lima City hospital, class of 1919. For a time she did private nursing, then assumed the duties of head nurse in the Soldiers' and Sailors' hospital in Grand Rapids, Mich.

Miss Parker later returned to Lima and for a year was head nurse on the first floor of City hospital, from which institution she left Lima to take charge of the Defiance hospital.

ISN'T IN JAIL, STEMEN WANTS FRIENDS TO KNOW

Everett Stemen, garage employee, nicknamed "Dutch," Stemen, is serving a sentence in the county jail, for contributing to delinquency. D. W. Stemen, 721 E. Third-st., a railroad man, is also known to his friends as "Dutch."

When Everett Stemen was sentenced, his name was entered in probate court as "Dutch" Stemen. The Third-st. Stemen fears his friends may believe he is in jail.

PIENING TRIAL TO OPEN MONDAY

Insanity May be Defense of Slayer of Priest

WAPAKONETA—(Special)—That insanity will be one of the grounds for defense in the case of the State of Ohio against Charles Piening, charged with the murder of Rev. Richard Schwietzman, of Minister, in February, is indicated.

Piening's trial opens in common pleas court here Monday. Member of St. Augustine Catholic church in Minister, which Rev. Schwietzman served as pastor, have created a fund for the employment of Lawrence Brodbeck of St. Marys as assistant to Carl Timmermeister, prosecuting attorney, in the trial of Piening.

Dr. William H. Pritchard, superintendent of the Columbus State hospital, visited the county jail here and gave Piening a thorough examination to determine the state of his mentality. Dr. Pritchard was accompanied by Roy E. Layton, attorney for the accused and a son of Judge F. A. Layton, before whom the trial will take place.

At the time Harold Nierengarten, Lima slayer of Joseph Scott Kershaw now in the penitentiary, was examined by Dr. R. P. Rauch, a psychologist of the bureau of juvenile research, Piening was also subjected to a preliminary examination.

BRINGS SUIT FOR \$450.00
A suit to enforce payment of \$450.00, alleged to be due him, was filed in common pleas court Friday by A. S. Caldwell against R. D. and F. W. Mullenhour, of Mullenhour Bros., 115 E. Spring-st. The money is due, it is stated, a debt, contracted by the brothers as individuals.

SALSBURY SUIT DISMISSED
Divorce proceedings instituted by Mrs. Ollie Salsbury, wife of Charles M. Salsbury, grocer, in 236 S. Pine st., were dismissed in common pleas court Friday, after the husband and wife had agreed to forget past differences.

LIMA MINISTERS WILL "GO TO CHURCH," MONDAY

Members of the Ministerial association will experience what they weekly serve their congregations, when they themselves will go to church in a body on Monday.

Twice a year the ministers go to church, the Rev. T. W. Hoernemann, pastor of the First Reformed church and secretary of the association, said. "That is—on the Monday following Easter and Christmas."

A regular Easter service will be held at the Rev. W. H. Baker, pastor of the South Side Church of Christ, will deliver the Easter sermon, from a subject appropriate to that day.

The meeting will be held at the Y. M. C. A. at 10 a. m. Monday.

26 pieces of real Diamond Plate Silverware! Just the pieces a woman herself would select—six knives, six forks, six teaspoons, six dessert spoons, a butter knife, a sugar spoon.

The Master Craft Pattern

\$13⁷⁵ Worth of Genuine Oneida Community Diamond Plate

26 PIECES

GUARANTEED 10 YEARS

The fact that it is guaranteed for 10 years speaks for its quality. The Mastercraft pattern is simple, rich and dignified. The regular retail value of this set is \$13.75.

Only during the period of the sale will you have such an opportunity to select a whole set of this famous silver without charge with any cabinet you select. When you consider that with it goes a Sellers Cabinet of latest model, you will realize that the combination is one that is not likely to be duplicated.

Come in NOW. Get the Sellers Cabinet you want. Get the Silverware. And remember that after the sale ends you cannot get these two wonderful possessions on the present terms of \$1.00 delivery.

Wonderful New Improvements Now Added to the "15 Famous Features"

To the "15 Famous Features," which established Sellers unquestioned leadership, have now been added striking improvements already widely imitated.

A new Double Base Shelf Extender now brings all pots and pans forward when lower door is opened. No stooping or reaching. Improved Porcelain Table Top when pulled out, brings cutlery drawers forward with it. No reaching under.

A new plush-lined silverware buffet drawer has been added above roll-curtain. These are in addition to such features as

Automatic Lowering Flour Bin. Saves dangerous climbing and lifting.	Dust-Proof Base Top underneath the Porcelain Work Table.
Glass Knobs. Sanitary. Never tarnish.	Oil Hand-Rubbed Finish.
Ant-Proof castors.	Dovetail Construction. Same as used in all high-grade furniture.

Remember this great sale lasts for a limited period only. One dollar is all that is required to put your own genuine Sellers in your kitchen now.

OPEN LETTERS

To Old Man Winter

BEGONE! I have seen enough of you.
LIMA BEANE.

To Householders

GOOD FRIENDS: Have you planted that
tree or shrub yet?
LIMA BEANE

To Corner-Cutting Motorists

FRIENDS: The shortest way 'round is also
the shortest way to court.
LIMA BEANE.

To E. W. Mummaugh

DEAR EMMETT: Just a suggestion why
not take a wheel off your car when you
park it, to thwart joyriders?
LIMA BEANE.

To City Commission

GENTLEMEN: The most welcome news
that could possibly emanate from city
hall would be an announcement that your
body had determined upon the resurfacing or
repaving of Main-st.
Is there a ghost of a chance?
LIMA BEANE.

To the Ohio Electric

IT soon will be time to put the windows of
your street cars down out of sight, but it is
not here yet. Why not apply some of the stuff
that hasn't scratched yet in an effort to get
some of the winter's grime and dirt off so my
folks can see thru?
LIMA BEANE.

To Baseball Players

BOYS: You are off for another season of the
great national pastime. Keep it clean,
boys, keep it clean!

There were few deplorable incidents last
year. I'm certain you are with the Judge for
unadulterated manly sport.
LIMA BEANE.

To the Public

FOLKS: The board of women's managers of
the district tuberculosis hospital has
planned a tag day for tomorrow, for the bene-
fit of the hospital.

The goal has been fixed at \$2,500. I trust
their hopes will be fully realized, with your
generous aid.
LIMA BEANE.

To Lima Code Makers

WITH the product of your efforts in the
framing of a building code having been
approved by all organizations to which it has
been presented, there should be little prospect
of opposition from the city commission on its
adoption.

However, my city should have the very
best in the way of a code. If it isn't right,
delay making it a law until it is made right.
LIMA BEANE.

To Auto Drivers

MY FRIENDS: My city has not sufficient
wherewithal to provide a traffic officer at
every corner in my downtown section, so I'm
calling on you for the exercise of judgment
when driving.

When a stream of 25 to 50 cars pass an
intersection, all headed in the same direction,
it seems to be a case of design that each and
every one prevent pedestrians from crossing,
until the "procession" breaks.

Please cut it out, LIMA BEANE.

'ROUND LIMA HOUR BY HOUR

(By OH. OH. JACKENRIM)

A Page from The Diary of An An-
tiquated Reporter: Up very betimes
but disturbed during the night over
the hard work of clipping coupons
Saturday from my Liberty bonds.
Belowstairs, to greet two bill collec-

tors and a mob selling tickets for
charity entertainment. The Eagles
also have me listed. In the days of
sociability the F O E had a reso-
nant meaning but methought they
had checked out when the reign of
St. Wheeler the I. came into vogue.

Out to see Dr. Paul Stueber dis-
charge his passenger at Washington
street, saying it was the end of his
line. Paul is turning the famous
old Wheeler homestead into a
double-decker, he many months hav-
ing been initiated into the Lake-
wood-State-st supper society. Where
the chauffeurs play butlers at the
evening hour, after the lawn have
been nurtured and nourished. And
the chores of the morning are his-
tory. But the sad percentage of my
thought as I saw Dr. Paul dump
Maurice Hoteller, was this: Back in
1906 I owned the west half of
Paul's now aristocratic landscape.

Sold it and bought a Hup hunched-
back roadster. And about all that
is left of that roadster are the li-
cense tags on my latest Fordaletto.
Paul has the thrift and I have the
rift.

Picked up Maurice and we pedes-
trianed eastward on High, solilo-
quizing on what Gus Holstein, the
merchant prince, will do with that
lot which estoppes Washington from
continuing his march on to Market.
Jumped over a conchango dog at
Charlie Black's ginslinery. He never
missed a snore, the canine I

mean, not Charlie, who probably
was t'king his coffee in bed at that
beastly hour. Into the poste, and
saluted Col. P. M. Gale, command-
ant of that distribution bureau of
public weal and woe. Tarried a bit
on the board walk, crowded with
advertisements of hole-proof.

To the office, whence came a dele-
gation from Spencerville appealing
to the prints to inhibit the senseless
punitans and pragmatists who are
cleansing that sun-kissed and God-
blessed part of the universe, into a
new Arcadia of beguiling benefi-
cence. The Versailles treaty is a
nuerfelle catechism compared to the
differences of cats and citizenry in
that borough nowadays. Mayhap Jim
Morton should go over and make
'em a speech and take ex-burgo-
meister Frank Burkhardt along as
chairman of the board.

Home and at my scrivening when
my wife, poor wretch, informed me
the cupboard was bare, and we must
go hence. So to a bonanary for a
short-order of pork and beans, the
oven out of commission and no bacon
that day. Out in the Fordaletto,
and like a dolt, bowed to a great
lady I never knew, and was snubbed
thereat. This the one who has a
form like an inverted tadpole and
recently affected tenebrous hayre
that a few weeks ago would have
matched "Eventually, why not
now?" So home in disgust to test
some stewed dandelions.

THE HOPE OF THE WORLD

The war of 1914 laid half the na-
tions of the world in the dust. Their
homes, their industries, their peace
must be restored by the rising gen-
eration. In them is the hope of the
world.

To make motherhood easier, to se-
cure for every baby a clean bill of
health and a fair start in life—that
is the problem.

Lydia E. Pinkham's Vegetable
Compound is an excellent medicine
for mothers and for future mothers.
For fifty years this medicine has
been used successfully in all non-
surgical cases of women's diseases.

—Adv.

THE RINGMASTER'S TEST OF SKILL

To Husbands

MY FRIENDS: Back in the days before
each of you walked up to the altar and
were married to the finest woman in the world,
it would not have been necessary to address
this little note to you. All I have to say today
is that Sunday is Easter. Those girls to whom
you sent presents before they became your
wives, altho a little older, still appreciate a
bunch of flowers or a box of candy just as they
used to. Don't forget.
LIMA BEANE.

To "Fatty" Arbuckle

DEAR ROSCOE: The jury has acquitted
you, albeit after a long fight. It heard
the evidence, I didn't. But I know something
about the sordid details of that wild party in a
hotel. Your face couldn't appear on the silver-
sheet again without it recalling the whole af-
fair to the minds of those seeing it. I'm not
sure that we want that scandal kept alive.
LIMA BEANE.

To My People

FRIENDS: "Gloom Chasing Week" opens
Monday. It is the time appointed for a
campaign in behalf of the Social Service bu-
reau. The fund is now near \$10,000, but five
times that amount is necessary.

Obligations of the bureau must be met
and money provided to carry on the work of
relief during the next few months. Lima does
not fail when the cause is worthy. This one
should be a success.
LIMA BEANE.

To "Y" Directors

DEAR FRIENDS: Your action in backing a
movement for a retirement fund for Y.
M. C. A. secretaries, after they have passed be-
yond the age of usefulness, is commendable.
LIMA BEANE.

To President Harding

DEAR WARRE: Your duties as President
of my United States are becoming a
strenuous task, I'll admit.

This thing of the President having to
hurry home from one vacation in time to start
on another, is too much.
LIMA BEANE.

POEMS YOU WILL ENJOY

By BERTON BRALEY

GREETINGS:

When Youth comes adventuring

upon the road to town

The city roars a menace, the city

seems to frown,

And, tho Youth be strong of heart

and not much afraid,

He's just a little tremble and just

a bit dismayed.

When Youth comes adventuring

upon the city streets

The clamor of the city upon his spirit

beats

The city seems to thunder with a

brazen-throated roar

Like triple-headed Cerberus who

guarded Hades' door.

But when Youth, adventuring, will

not be denied

But stands amid the clamor, unav-
exed, unterrified.

The rumble of the city's voice seems

dwindled to a hum

And the city purrs a promise of the

victory to come.

And when Youth leaves the city and

takes the rover's task,

How friendly sounds the city's voice

that ever calls him back.

The clangor and the tumult of

crowded haunts of men

Will shout a roar of welcome when

Youth comes back again.

back plan—Adv.

KIDNEY TROUBLES

Conquered or Money Back

Clogged up Kidney Deposits are Dis-
solved and the Toxins (Poisons)
Completely Driven Out. Druggists
Told to Guarantee it in Every In-
stance.For over 40 years, said Dr. Carey, I
have been prescribing my Marsh-Root
for kidney, liver and bladder sickness
and now that I have retired from ac-
tive practice I have made arrangements
to have my Marsh-Root dispensed at a
wonderful price, on the money back if dis-
satisfied plan.Beware of kidney disease—thou-
sands die of it every year who ought
to be cleansed of the poisons of life
and health. Watch the symptoms. If
you have specks floating before the
eyes, a burning, itchy, clammy, feet or
moist palms, backache or headache,
you ought to get a bottle of Dr.
Carey's Marsh-Root right away.Kidney and Bladder troubles vanish
as if by magic under its beneficial in-
fluence. It flushes, builds up and feeds
inactive kidneys, stimulating them to
normal activity. Tones up shrunken,
lazy kidney tissues and by neutralizing
the irritating acids in the urine
ends all bladder weakness.NOTE—Dr. Daniel G. Carey was a
practicing physician for many years
and his great prescription, Marsh-Root,
aided thousands of sufferers from kid-
ney and bladder troubles. Hereafter you
can always get this effective prescrip-
tion in both liquid and tablet form at
Huntley's Drug Stores, Thompson's 3
Drug Stores and all reliable pharma-
cies the country over. Keep in mind
the name, Dr. Carey's Marsh-Root Pre-
scription No. 777. No other medicine
can take its place—Adv.

HEALTH TALKS

Common Sense Ways to Keep Well

WATCH SCALES

The simplest way for the normal
person to keep track of his health is
by use of the scales. Weighing
scales are veritable health barome-
ters.

Altho of course there are excep-
tions to the rule, they generally tell
one accurately whether one is eating
proper food and getting sufficient ex-
ercise.

Weighing scales are exceedingly
important objects for determining
health of babies and young children.
If a baby consistently gains weight,
it is usually a healthy baby. So also
for growing children.

Some children and grown-ups, too,
will find when they consult the
weight chart attached to many stan-
dard weighing scales that they are
either over or under normal weight.

Such conditions are not healthy if
too pronounced. A physical exami-
nation and consultation with a phys-
ician will soon find the reason for
the abnormality.

Change of diet, exercise and such
remedies will likely soon show a
change for the better.

One who is careful about his health
will find it advantageous to rule a
little chart upon which he can keep
a weekly record of his weight.

Dollars. Other Hats \$3.00 up.

Knit Ties for Style and Wear

There's lots of new ideas and for
wear you can tie them a thousand
times, but of course that's exaggerat-
ing a bit; but they will wear a mighty
long time—longer than any other tie
you can buy.

FATHER RECOGNIZED AS HERO IN THE MOVIES

(BY ESTHER WAGNER)
DAD is dragged from his easy chair and pushed right out in public view as the hero he really is in "The Good Provider," when Fannie Hurst, as author, Frank Borzage, as director, and Vera Gordon, as actress, combined to make "Humoresque" they played upon the emotional potentialities of the mother in the creation of a photo-play that achieved the highest mark of its year for human interest.

This same combination now places Dad about the lead of Dad and a halo about the undertaking accomplished that "The Good Provider" promises to be one of the most popular motion pictures of this year. The story it tells is that of a father who works his life away to give to his wife and his children the best home he can provide, something better in life than has been his own lot. When, against his better judgment, he incurs greater obligations than he can meet in order to do what he thinks is right for an illegitimate wife and heedless children, the crash comes.

Mother and the children then learn what a noble man the plodding old doll has been and the film ends happily. In "Humoresque," Alma Rubens was billed as the star, but the public made Vera Gordon its star. The tables are turned on Vera Gordon in "The Good Provider." Dore Davidson, playing the part of the father, will be acclaimed the star by the public, altho Miss Gordon occupies that position in the printed cast.

Dore Davidson as sketched by Artist E. R. Higgins. Davidson, lead in many pictures starring Vera Gordon, is really the star of "The Good Provider."

GOOD FRIDAY OBSERVED BY PRESIDENT'S CABINET

WASHINGTON—President Harding and members of his cabinet today dispensed with the Friday cabinet meeting in deference to Good Friday. The president, however, met the newspaper correspondents as usual.

Ah-h-h! Here's Jack Holt Again

INTENSELY dramatic, well-acted and produced, "The Grim Comedian," which arrived on Thursday to finish out the week at the Lyric theater, is a splendid vehicle for Jack Holt, who completely walks off with all the acting honors.

The story, combining the well-known themes of Fate and old Broadway, is one of these "story within a story" things, and intimately concerns a handsome villain (Jack Holt himself) who transfers his affections from an actress to her daughter, a sweet, convent-bred child, who trusts him implicitly. The mother-love theme, of course, creates much of the film's interest, and while it is not entirely new material, it is the kind of a story that never grows tiresome. Mr. Holt, as the villain, is superb; Phoebe Hunt as the actress who decides to go straight for her daughter's sake is quite acceptable, and little Gloria Hope as the object of all the emotionalism, Mae Hopkins and Joseph J. Dowling.

"The Grim Comedian" may be classified as a well-acted dramatic narrative, and an all-around good program picture. Adults will enjoy it most.

At the Lyric again today and Saturday.

Child Wonder at the Rialto

IN ADDITION to the regular feature program of cinema attractions, the Rialto theatre this week is presenting to patrons a thoroughly enjoyable bit of vaudeville entertainment, comprising singing, comedy and dancing.

Baby Edythe, a five year old marvel, tops the bill with her rendition of popular songs, and her dancing numbers are clever beyond words.

Zane Grey's Thriller "The Last Trail"

FOR sheer thrills, villainy, romance and all the other attributes one usually associates with Zane Grey's red-blooded stories, you have to hand it to "The Last Trail" for being one of the most exciting pictures you ever sat thru.

Not for a moment are your nerves permitted to sit quietly and without jumping. From the very start, when the handsome young hero, supposedly The Night Hawk, a notorious bandit, gains the sympathy and protection of the girl to the final fadeout, you are slipped one thrill after another.

There's the bandit den wherein stacks and stacks of gold and various other loot has been stored; its discovery by Kirk, fiancée of the lovely protectress of Night Hawk; the dynamiting of the dam, the rush of the long-winded waters over the little city of Choyo; the discovery of the real cul-

prit, a fight in the dark cavern, mad rides over mountains and so on. I could go on for an hour, just mentioning a few of the most exciting bits. There's a cast in "The Last Trail" that should make you sit up and take notice. It has Rosamary Theby, ravishing as a dark-eyed Senora of the dance-halls; Maurice Flynn, famous football player, as the loyal and loving King; Wallace Beery as Kirk, the villainous engineer who dynamites the dam; Eva Novak as the heroine; Walter McCrell as the hot-headed Mexican who is so handy with a gun. Atmosphere, sets, etc., are resplendent of the novel, and the photography is excellent.

"The Last Trail" will, unless I miss my guess, provide a mighty pleasant hour for anyone who cares to go see it. Playing at the Sigma today and Saturday.

Opening of the Quilna

THE movie fan who does not find his feet drawing him out Market-st Saturday afternoon will be the exception, for the opening of the Quilna theatre is on every tongue. The many improvements made in this handsome show shop, the excellence of

the opening program and the dedication of the new Robert Morton orchestral organ have set us all on tiptoe with anticipation of a pleasant occasion. Gloria Swanson in Paramount's "Her Husband's Trademark" is the principal film feature.

Faurot—"Abraham Lincoln"

WORDY writers of whom, heaven knows, the theatre has its share, would do well to observe closely John Drinkwater's "Abraham Lincoln" when William Harris, Jr., presents it at the Faurot Opera House Thursday evening, April 20th, with Frank McGlynn in his now noted part of Lincoln. It has been recommended by journalists at schools and by instructors in English as an example of exceptional worth in the art of the dramatic-journalistic art of condensation, selection and elimination. This work stands high indeed in a world much run to words. Within the brief stage traffic of a single evening, there must be set forth truly and with emotional power, the portrait of one of the greatest of all world figures—Lincoln. And there must be pictured as truly, a group of other men and women of more than passing greatness—Grant, Lee and Seward and Mrs. Lincoln, among the many.

To give one evening to each one would be scanty time. And yet, looking on Drinkwater's "Abraham Lincoln" the spectator feels that he has not seen, but met and known each one of these. The great figure of Robert E. Lee, for instance. This character is on the stage for less than three minutes and speaks no more than a few dozen words. Nevertheless his image is so forcefully and so clearly impressed upon the heart and mind that one feels that he has met and talked with Robert E. Lee himself. So with Mrs. Overy, of the few halting syllables; with William Scott, the tragic youth from Vermont, with Stanton, with Salmon P. Chase, with the scintillating Seward and all the others.

Orpheum to Open Monday

ONLY three days more and the Orpheum will open its doors and offer Lima theatregoers a real up to the minute stock musical comedy company. Raynor Lehr Musical Company will hold the boards and nothing but royalty bills will be of-

ferred. Put your requests in at the box office. Tell them what you want them to play and they'll be glad to accommodate you. "Way Down East," "Kick In," "Turn to the Right," "Bought and Paid For," and anything that a stock company has ever offered will be offered by Raynor Lehr. The Right Now Quartette, the Right Now Jazz Band, Ruth Mack, and all the old favorites that were here three weeks ago will return. One show nightly will be given starting at 8:15 with the exception of Saturday and Sunday when the usual three performances daily will be given. The matinees are

Wednesday, Saturday and Sunday. Ladies free matinee will be given every Wednesday from now on until further notice.

THEATRE DIRECTORY

AT THE FAUROT—Agnes Ayres has the stellar role in "The Lane That Had No Turning" appearing today and Saturday at the Faurot Opera House. A new Torch comedy, featuring Johnny Rines.

AT THE MAJESTIC—"O'Malley of the Mounted" with William S. Hart heading the cast, appears today and Saturday as the feature attraction at the Majestic theatre. Also "Miracle of the Jungle."

NOTES FROM EUROPE—"The Agony of the Eagles," dealing with the life of Napoleon, has been sent to the United States. It was made in France on a lavish scale. Another film concerning Napoleon has also been sent to America. It is an Austrian production called "Napoleon's Son." "Madame Sans Gene" the Sardou play made famous by Bernhardt, has been completed in Italy and will be released in America by Goldwyn. The seating capacity of all movie theatres in Germany totals 1,304,605.

PARTY OF 17 NOT SLAUGHTERED

Story Concerning Deported Armenians From U. S. Untrue
REPORTED MASSACRE PROBED

Persons Declared Dead Seen Alive in Constantinople

WASHINGTON — (Associated Press)—After an investigation made by the state and labor departments over a period of three months, it has been definitely determined, Secretary Davis announced today, that no Armenians deported from the United States under the immigration law have been massacred by Turks at Constantinople. Testimony before the house immigration committee last December by witnesses urging modification of the law included circumstantial accounts of the slaughter of one party of seventeen Armenians immediately after their return from the United States to Constantinople.

"After leaving no avenue of useful investigation unexplored," Secretary Hughes wrote to Mr. Davis in a letter given out today, "the American high commission at Constantinople was unable to find the slightest evidence to substantiate the rumor to which you have invited my attention."

NO SPECIAL DIFFICULTY

Mr. Hughes further enclosed the statement of a number of the Armenian party who declared that it had met "no special difficulty upon our arrival at Constantinople," and spoke of seeing a number of other

members of the party later on the streets of Constantinople. The charge of the massacre were originally made to the committee by C. V. Baggett, representing the Constantinople Welfare Council of Boston, who said that the 17 Armenians in question after their arrival in Constantinople, were "not seen any more until the dead bodies were seen in the hospital or in the ocean. Mr. Baggett further said that an Armenian boy in the Boston city hospital had admitted seeing the bodies of the party of 17. The government agent reported that the college faculty had been unable to find the source of any correspondence in the matter.

Getting Rid of a Stubborn Cough is Child's Play Now

Make the Medicine Yourself at Home It's Cheap—But You Can't Beat It.

If you want to take care of that bad, hacking cough and do it in a few hours, better get one ounce of Permut (double strength) and mix a half pint at home.

You can do this in two minutes by adding a little sugar and enough water to fill a half pint bottle. You'll travel the world over before you get a medicine that will act so surely and quickly on the mucous membrane of the nose and throat. It halts the inflammation, the tickling sensation stops with the first spoonful, the heavy breathing goes, and clean membrane free from irritation and mucus follows. For Catarrhal conditions such as runny nose, closed nostrils, and watery eyes, it won't disappoint—ask for Permut (double strength) Speck plainly so that the druggist will know exactly what you want—Adv.

YOUNGSTOWN'S PLAS TO MEET FINANCIAL CRISIS SHROUD IN MYSTERY

YOUNGSTOWN — Plans under consideration by the chamber of commerce and city officials for meeting the crisis caused by an empty treasury remained a deep mystery today, with all who participated in a conference late yesterday refusing to comment on what was "discussed." No statement of plans would be forthcoming for several days. It was stated by the chairman of the meeting, which was attended by Mayor Oles, the city auditor, the chairman of council, finance committee and a special committee of the chamber of commerce.

Despite Mayor Oles' statement that "we had a very sociable meeting," it is believed the conference was far from an agreement as to what should be done, the only definite word was Oles' statement that his suggestion for a pop campaign to raise money was not discussed.

Unless the conferees decide on a better scheme Oles says he will go ahead with his plan to reduce the police and fire departments to 75 men each, and to lay off all employees of the street and sewer departments.

Use Kill-All Roach Powder25c

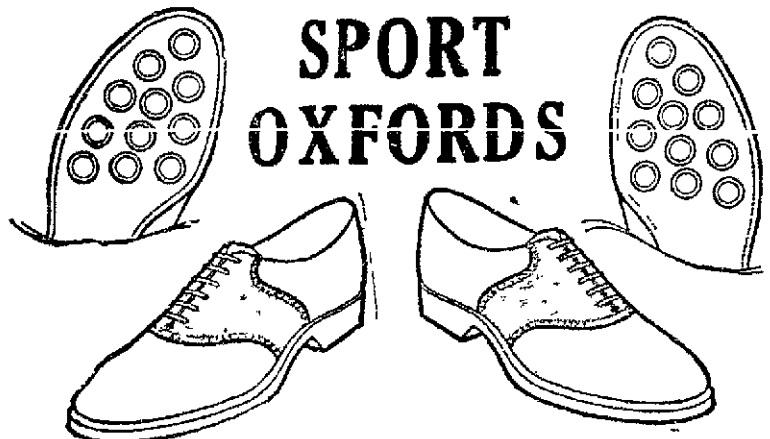

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is Mulsified coconut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

Two or three teaspoonfuls of Mulsified in a cup or glass with a little warm water is sufficient to cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright lustrous, fluffy and easy to manage.

You can get Mulsified coconut oil shampoo at any pharmacy, it's very cheap and a few ounces will supply every member of the family for months. Be sure your druggist gives you Mulsified—Adv.

You get this from our store as a part of the very store itself because every individual in our store, no matter who he or she may be, is imbued with this spirit of friendship and good will and, MORE ESPECIALLY, because the merchandise we sell is HONEST, in quality and value.

That is why it is so SATISFACTORY to deal with the OLD RELIABLE UNION STORE. That is why we are "YOUR" store.

We shall continue to be "YOUR STORE", rendering the same service and satisfaction, the same quality and values for which we have ALWAYS been noted because these things are actually a PART of our store which neither time nor change can alter or remove.

WILSON-TUMULTY IN OPEN BREAK

Reported Message to Democrats
Causes Friends to Split

BOTH SIDES ARE SILENT

Public Rebuke Handed Former
Aide to Ex-President

WASHINGTON — (United Press) — Woodrow Wilson and his former secretary and devoted friend, Joseph P. Tumulty, have come to a parting of the ways over Wilson's repudiation of the now famous message delivered by Tumulty to the Jeffersonian banquet in New York last Saturday.

The big question in political circles today is whether Wilson in the near future will regret his curt letter disavowing the message and take public steps to restore their long-standing friendship.

Tumulty said today that he intends to do nothing more about the matter, but his friends believe Wilson will not permit the "misunderstanding" as Tumulty calls it, to continue.

BOTH ARE RETICENT
Tumulty would say nothing more today and there was nothing forthcoming from the "Wilson house of silence" on S-st.

No political incident in recent years has caused such a stir in the realm of politics here as the Wilson-Tumulty "friction."

In Republican circles, it was held that the Wilson letter to a New York newspaper in which he said he did not authorize the message, constituted a definite break between the former president and his close friend.

The "breaks" of Wilson with George Harvey the late Colonel Henry Watterson, ex-Secretaries of State Bryan and Lansing, Colonel House and former Secretary of War Garrison and several less prominent political figures, were recalled.

In all these cases Wilson did not hesitate to cast them overboard and did not take steps to bring them back into his confidence. The relations between Wilson and Tumulty have always been in the nature of a close, personal, rather than a political friendship and this gives weight to the opinion in Democratic circles, that the former president may yet wipe out the present misunderstanding.

Tumulty, it was learned, plans to follow the policy of Colonel House after his break and maintain a strict silence. He feels the entire matter is a misunderstanding on Wilson's part, resulting from a casual conversation before the banquet and "unwarranted political significance" which some newspapers attached to the message.

The keen rivalry between Cox and McAdoo factions of the Democratic party brought on the Wilson repudiation and the strained relations with his former secretary.

An ardent McAdoo chieftain, whose name could not be learned, protested to Wilson against the "message" within a few hours after its publication. He held that the message was construed as a boom for James V. Cox as the party's presidential candidate in 1924, because of the manner in which it was presented at the dinner, where Cox spoke. This view is not held by friends of Tumulty, who attended the dinner.

The priest of the McAdoo leader, however, aroused the former president's ire, apparently.

MAINTAINS SILENCE
It is believed Wilson took the extreme step of administering a public rebuke to Tumulty not because he desired to check a Cox boom, but more because of determination to continue his silence on things political.

Democratic senators who attended the Jeffersonian banquet shied away from public comment on the incident.

Going to New York on the train last Saturday, Tumulty showed the "Wilson message" to several Democratic senators and in conversation with them related other things about Wilson's attitude. They all accepted the message as bona fide, after hearing Tumulty explain how he obtained it.

Wilson's action was taken at the capital as conclusive evidence that the former president is determined to keep out of politics, at least until he thinks the right moment for his re-entry has arrived. His repudiation of the message, will help, rather than hurt his popularity, senators said, because it shows he will mix in any party squabbles.

Wilson has no idea that he may "come back" politically in 1924, his friends in the senate said, but he knows, they said, that he is stronger with the public today than he was when he retired. His silence and refusal to be drawn into criticism of the Harding administration have contributed in no small degree to this increased popularity, Democrats said.

COX IS SILENT
DAYTON — Former Governor James M. Cox refused today to comment on the split between former President Wilson and Joseph Tumulty.

"I know no more about it than any one else," Cox declared regarding the telegram read at the New York banquet Saturday night.

"The telegram was read there and that is all I know."

"I do not care to say anything at all about it."

MESSAGE APPLAUDED
NEW YORK — The message which Woodrow Wilson repudiated caused several minutes of applause at the banquet of the New York Democratic Club here last Saturday night. When Mrs. Montgomery Hare mentioned the name of Wilson, the 1,600 diners rose to their feet cheering. This was repeated when the message was read.

Those who saw the possible significant political interpretation of the message questioned Tumulty about it. He passed over the question noncommittally, declaring that face value and that it implied no change of attitude on the part of the former president who has remained aloof from politics since leaving the White House.

HERE IS WHAT CAUSED BREAK

REPUDIATED MESSAGE.
"Say to the Democrats of New York that I am ready to support any man who stands for the salvation of America and the repudiation of America is JUST to all classes."

No message was sent to the Wilson's ATTITUDE
Jeffersonian banquet and no one was authorized to deliver a message.

TUMULTY'S ATTITUDE
The message was based on a casual conversation with Wilson, during which the former president made a verbal informal statement which Tumulty understood to be a communication to be passed along to the Democrats at their dinner.

TWINS SEPARATED

Spiritualist Says Rosa and Joseph Apart in Beyond

CHICAGO — (United Press) — Death has separated Josefa Blazek from her Siamese twin sister, Rosa, George C. Warne, president of the National Spiritualists' Association, said today.

According to Warne, who is presiding over a state convention of spiritualists, the spirit of Rosa attended the convention when she was summoned to "testify" about life in the other world.

"Altho' Rosa was in the seance room only a few minutes," said Warne, "she knew the contact had been established and that she was alone."

The Blazek sisters died here recently.

DOBBIN IN LIMELIGHT; POLICE IN SEARCH FOR EQUINE GONE FROM STALL

Squeezed in among reports on auto thefts and car effects Friday at police headquarters was a mention of Dobbin, proving that he is not as close to a little limelight and hasn't forgotten the knack of getting before the public eye, albeit the auto is making him antsy.

The Dobbin was either stolen or wandered away from his stall at 20 Hohl-st, Thursday night, and was reported by Mrs. R. C. Hunt. She inclines to the theory that he was seized with wanderlust.

The equine is dark brown in color and weighs between 1,100 and 1,200 pounds.

WAR INSURANCE MONEY REFUSED BY RELATIVES

WASHINGTON — Hundreds of thousands of dollars are accruing in the treasury of the war risk insurance bureau because of refusal of beneficiaries to take insurance payments, it was learned today.

The parents of Thomas Speaks, Jennings, N. C., have refused to receive government insurance on their son killed in France, because of their religious beliefs. They maintain that to receive money from the government would make them an instrument in his death.

Some parents have refused cash on the ground that it would prove a too tragic reminder of their dead sons.

Many millionaires also have failed to fill out the necessary papers because they thought it "too much trouble," and the funds are being accumulated by the government until they can be satisfactorily dispensed.

LUCKAS BROTHERS STILL DETAINED AS SUSPECTS

Police have failed to receive a return from Chicago authorities on the photographs and finger prints of Gustav and Michael Luckas, Greeks, who are being held here under suspicion of being agents of "resort" all resorts in other cities.

Receipt of information from Chicago will mean either the further prosecution or release of the brothers. Local police have nothing on them at present, it is admitted, but they are strongly suspected of intent to violate the Mann White Slave Act.

They were arrested in company with a young woman whom they admitted they were about to take to Chicago.

DERAILED FREIGHT CARS ENVELOPED IN FLAMES

FRANKLIN, Ind. — Thirteen cars of a train of valuable freight, north-bound on the Illinois Central railroad, were derailed today when the train was wrecked at a washout on the road near Bargersville, eight miles west of Franklin.

Three of the cars, which had not passed over the defective rails carried large tanks of gasoline. These exploded and thirteen cars were soon a mass of flames. Five were loaded with cattle and hogs consigned to the Indianapolis stock yards, one of the cars was filled with cotton and the other cars are said to have carried valuable freight. The loss is estimated at \$100,000.

HARDING WILL PRESENT VERDUN MEDAL MAY 14

VERDUN, France — The gold medal which President Harding has been authorized to present to the City of Verdun in the name of the congress and people of the United States, commemorating the heroism of the city, will be formally presented at a ceremony set for May 14, it was announced today. The presentation will be by Ambassador Herrick.

The medal, represents on the reverse two struggling giants and on the obverse the Porte Chausse at Verdun with ruins in the background. Across the face is the inscription "Als Ne Passeront Pas" (they shall not pass.)

MURPHY FUNERAL SATURDAY
Funeral services for Dr. John J. Murphy, 612 N. Main-st. who died Thursday, will be held Saturday at 10 a. m. at St. Rose Catholic church, of which he was a member. Interment will be at Gethsemani.

LANDIS FAILS TO FILE BRIEF

Time Extended by State Body in Gas Price War

Failure of Paul Landis, city solicitor, to file the city's brief in connection with the rehearing of the gas question before the state public utilities commission Friday, made an extension of time necessary.

Under the terms of the original order, the city's brief was to be in the hands of the commission by April 14 and the answer of the Lima Natural Gas Co. was returnable April 21.

When asked why the city's brief had not been filed Friday, Landis said he had been very busy but intended taking care of it Saturday.

In the brief the city will contend that the \$1 gas rate is too high and attempt to prove that charges against depreciation and leakage have been incorrect, Landis said.

Delay by the city in filing its brief will also halt the gas company in filing its answer, as it is necessary for them to obtain a copy of the city's charges before they can answer them, gas officials said.

No further testimony will be heard by the commission. They will rely upon former testimony, the briefs and a personal examination made Wednesday in arriving at their decision.

JAIL PRISONER DIES AS RESULT OF GAS FUMES

PORT CLINTON — (United Press) — One man was killed and four others narrowly escaped asphyxiation in the Oak Harbor jail early today.

Gases from a coal stove in the jail, caused the death of one man, thought to have come from Toledo. He made application with four others for a night's lodging in the jail.

When the four men who escaped were awakened by the fumes, their companion already was overcome.

EDWARDS CANDIDATE
TRENTON, N. J. — Governor Edward J. Edwards today formally announced his candidacy for the Democratic nomination for United States senator at the primary election to be held September 26. Thus far, State Senator Alexander Simpson of Hudson is the only other avowed aspirant for the Democratic nomination.

RENICK FUNERAL SATURDAY
Funeral services for Mrs. R. O. Renick, mother of Mrs. W. H. Loete, 218 Lakewood-av. and Mrs. John W. Brown, Ottawa, will be held Saturday at 10:30 a. m. at the Leete home. Rev. Kirk B. O'Ferrall, rector of Christ church, Episcopal, will officiate. Interment in Woodlawn.

CHICAGO — (United Press) — J. Stanley Joyce, millionaire lumberman, paid his last bill today for Peggy Hopkins, show girl, whom he divorced.

He sent a check for \$105,000 to Cartier, the Paris jeweler, for a diamond tiara Peggy is now wearing. In return, according to the divorce settlement, he gets a cigaret holder.

PLOW COMPANY BEGINS SUIT FOR \$2,094 FROM MARY E. SMIDER, LIMA

Suit to collect \$2,049.74, alleged due for machinery purchased from the John Deere Plow Co., Moline, Illinois, was filed against Mary E. Smider, of Lima, by C. L. Conkwell, of Columbus, plow company counsel, Friday.

The defendant is surety for A. C. Smider, Waynesfield implement dealer and the farm machinery was purchased by him, it is stated.

Smider failed to pay, it is charged, and the company brought suit, asking the principal and interest at 8 per cent from April 1 to date of trial.

LITTLE NAVY HIT
Harding Comes Out Against Cut to 67,000

WASHINGTON — (United Press) — President Harding today came out flatly in favor of a navy of 85,000 men and against the slash to 67,000 as provided by the house appropriations committee in the naval appropriation bill.

The president's action was taken in a letter to Representative Longworth, Ohio. The text of the letter was kept a close secret, but "big navy" advocates plan to spring it as the "trump card" against the "little navy" forces in the house debate late today or tomorrow.

"WATERWAY TO BE MADE ADMINISTRATION MEASURE"

PINDLAY — President Harding will make the Great Lakes-St. Lawrence tidewater project an administration measure within the next 30 days, George E. Hardy, of Toledo, chairman of the Toledo Chamber of Commerce waterways committee predicted in an address to Findlay Rotarians.

"The president realizes that he has an opportunity here to render a greater service, to the people than Roosevelt in sponsoring the building of the Panama canal," Hardy said.

He said congress will approve the project either in July or August, or in December or January. Hardy prophesied completion of the construction by 1930.

JOYCE PAYS LAST BILL FOR HIS DIVORCED WIFE

CHICAGO — (United Press) — J. Stanley Joyce, millionaire lumberman, paid his last bill today for Peggy Hopkins, show girl, whom he divorced.

He sent a check for \$105,000 to Cartier, the Paris jeweler, for a diamond tiara Peggy is now wearing. In return, according to the divorce settlement, he gets a cigaret holder.

DEATHS IN MARCH EXCEED BIRTHS

31 Die and Stork Brings 25—
Health Warning Issued

Death, the grim reaper, exceeded births in Allen-co during March by six. Thirty-one persons died and 25 made their advent to this world. Such is the report announced by Dr. J. J. Sutter, health commissioner of Allen-co.

"More boys than girls were born in previous months, but this time the tables are turned and the girls are away ahead of the boys," the health commissioner said.

Birth records showed 16 girls and 9 boys, born in March. Twins are reported in only one instance.

Of the number of cases of disease reported, 12 were given as pneumonia and there were nine deaths from this cause. One death was due to influenza. Of five deaths from tuberculosis, three were at Lima state hospital. One of the deaths was that of a child under five years of age and one was over 90 years.

Dr. Sutter sounds a warning against tuberculosis and pneumonia during the remainder of this month and urges upon persons the greatest care.

"In March and April we always have numerous deaths from tuberculosis and pneumonia. It is right at the change of seasons. People should be unusually careful about change of clothing, sitting in drafts or getting wet, without change of clothing. Overcoats, too, should be worn to keep the feet dry," Dr. Sutter says.

An ounce of prevention in March and April is worth a pound of cure in May and June," counsels the health commissioner.

NEW DIRIGIBLE WILL BE TAKEN TO LANGLEY FIELD

AKRON — The new Akron built army dirigible will be taken to Langley field, Virginia, and placed in the Roma hangar there as soon as helium gas arrives to fill the big bag for the flight, it was announced today.

Army officers took the dirigible on a test flight to Youngstown and Cleveland late yesterday. Dinner was served in the passenger cabin en route.

Greetings from W. C. Young, Akron aeronautical engineer, were dropped on the lawn of his mother's home in Youngstown.

SCHOOL DEMOLISHED
BELLEVILLE, ILL. — The grade school at O'Fallon, Ill., near here, was demolished by a cyclone today just a few minutes before classes were to open. Several thousand dollars damage was done to property. None were injured.

CHARGING FAILURE TO PROVIDE, MRS. WESTBAY SEEKS DIVORCE DECREE

Restoration of her former name, Louise Deaubler, is asked in a divorce action brought on the grounds of non-support by Mrs. Louise Westbay, against Harry Westbay.

Westbay is an electrician, and resides at present at 564 Haller-st. They were married in Lima in June, 1918, but did not live together long. Westbay, the petition states, failed to supply his mate with food, clothing and other necessities.

SHIFTERS PROBED
Investigation of Organization Starts in Chicago

CHICAGO — (Associated Press) — State Attorney Crowe went to know whether the Shifters have an organization morally detrimental or whether it is a harmless fad. Today he began an investigation into the machinations of the fapper society which is said to have spread its doctrines rapidly thru Chicago and which already has two men fighting over the title of "King Bee" of the Western organization. Charges that Shifters encouraged promiscuous kisses between strangers and familiarities as the initiation fee, have brought criticism from reformers and school heads.

"We want to be sure that the organization is not harming young people," Attorney Kavaney, detailed from the state's attorney's office to investigate, said.

Meanwhile, Thomas A. Nolan, who says he is from Ohio State University, and one Gustav Kamlin, engaged in a verbal war of contentions that each was the chief Shifter in the Western territory.

Both have Shifter pins for sale and admit connection with jewelry firms.

CITY CAR AND INTERURBAN MIX; PASSENGERS JARRED

Due to an open switch, a city car, No. 423, ran into a Western Ohio freight car and trailer, Friday morning on the Public Square, and was damaged considerably. Passengers were thrown into a panic, but nobody was injured. The accident occurred at 6:37 a. m.

AMBULANCE REMOVALS
ECKERT, O. M. Cider, City hospital, to his home on the Gomer-rd.

WILLIAMS AND DAVIS: Mrs. Charles Herr, St. Rita's hospital, to 11 miles northeast of Lima, home of relatives; Mrs. Roy Fry, Anna, from Western Ohio station to St. Rita's; Mrs. Kies, 514 E. Findlay-rd., to City hospital, for X-ray plot; and return; E. R. Woods, 1074 W. Market-st., to St. Rita's; Mrs. Minnie Treaster, St. Rita's hospital, to No. 1 Kalb-apis, High and West-sts.

RULES FOR HUBBY

Court Imposes Unique Sentence in Family Row

FEORIA, Ills. — (Associated Press) — Arrested on complaint of his wife who said her husband would not stay at home, William Beedler was sentenced by Police Magistrate Frank Hall to take care of his three children at least one hour each day of the week and was given other rules which the magistrate believes will promote happiness in homes, among which were the following:

Help your wife get breakfast. Stay at home at least five nights a week.

Take your family out walking at night and on Sunday.

Start a savings account.

Wait on yourself.

Repeat to your wife at least once a week your marriage vows.

Wash the dishes every night.

Allow your wife to handle the finances.

Go to church with your family every Sunday.

If the home plan fails the judge said future erring husbands will have to wash dishes, make beds, sweep floors and wash windows in jail.

THREAT TO PROSECUTE MADE BY BINGHAM IN WATER LINE TAMPERING

For the first time in several years, the water works department is having trouble with persons whose water is turned off because of non-payment of bills.

In several instances where water has been turned off the persons affected have waited until the workmen went away and then turned the water on again, City Manager C. A. Bingham said Friday.

"We have tried to be fair with the customers who have failed to pay their water rent, but unless they stop tinkering with the water lines we will bring action against them in municipal court," Bingham said.

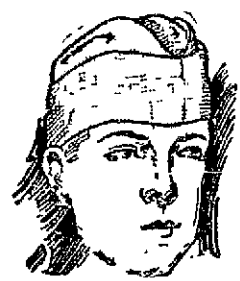

CREEK IS DRAGGED FOR BODY OF DROWNED BOY

DETROIT, Mich. — (United Press) — Connors Creek was being dragged today for the body of Leon Dargan, 11, drowned, when pushed into eight feet of water by six playmates.

Four boys were questioned by Prosecuting Attorney Voohles and released because of their straightforward stories of the way the Dargan boy lost his life.

The two boys alleged to have unintentionally caused the death of Leon will appear today before Voohles. He said it was not likely they would be held as the evidence taken thus far did not justify a charge of manslaughter.

TRIO UNDER BOND IN BARR ASSAULT

Hotel Proprietor Attacked by Men
Following Ejection

SHOTS FIRED IN PURSUIT

Woman in Case is Known, But is
Not Arrested

Two Lima men and one from Columbus may draw the full penalty of the law in criminal court for possession of intoxicating liquor as the result of a melee at the Barr Hotel Thursday night, when the proprietor, O. O. Barr, was assaulted and severely, the not seriously injured. The men will be arraigned Monday. They are Cad Laycock 32 or 218 S. Pierce-st.; Harley Arnold, 28, of 323, same street, and Rudyard Whipp, 28, Columbus salesman.

QUARTETTE MEET IN ROOM
The trio and a woman met in Whipp's room shortly before 8 p. m. and soon after Barr said they became belligerent. He went up to the room, No. 614 on the sixth floor, and ordered them to leave. After safely negotiating the elevator, Arnold and Laycock burst out anew in the hotel lobby and assaulted Barr, police say, Arnold planting a blow on Barr's nose.

The woman also came down in the elevator, Barr said, but she escaped in the melee. He recognized her, however, he said.
Arnold and Laycock bolted out of the hotel, but a crowd of citizens and police and firemen soon rounded them up in the alley at the rear of the Lyric theatre, N. Main-st. Whipp remained in his room and was arrested after officers returned with the local duo. Several shots were fired by police when the men fled.

More than a half pint of liquor was found in the room. Police say Laycock and Arnold carried it there, but that fact was not definitely established. Affidavits were made out against the trio Friday in criminal court, charging them with illegal possession of liquor.

They will be arraigned Monday, the time being extended because their attorney is out of the city. Each is out on \$1,000 bond. **LAYCOCK UNDER TWO CHARGES**
Laycock is liable to a total fine of \$2,000 if he is found guilty on the charge and for a similar offense with which he is accused in Justice Botkins' court, final disposition of which has not been made. The law provides a penalty of \$1,000 for the first offense, \$2,000 for the second and \$3,000 and a year's imprisonment for the third.

It is the first time Arnold and Whipp have been charged with the offense, police say.

Chief of Police T. A. Lanker said he did not know the woman's name nor did he state whether she would be arrested.

Investigation of the source of supply of liquor will result and it is likely other arrests will take place, it is intimated at police headquarters.

ROSENTHAL CASE AGAIN CONTINUED TO APRIL 29

Cse of Robert Rosenthal, 35, New York fur salesman, was continued for a second time when called for trial before Justice of the Peace Ernest M. Botkins Friday morning. It will be heard April 29.

Rosenthal was arrested on complaint of better business bureau officials, who alleged that he had misrepresented goods in his possession. He is out on \$85 bond.

MONTHLY FARM LABOR WAGES DOWN \$8 TO \$10

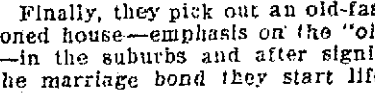

COLUMBUS—The average monthly wage of farm laborers on April 1, was \$32 a month—\$8 to \$10 lower than a year ago, according to C. J. West, federal agricultural statistician.

"The supply of labor in most sections of the state is sufficient for all needs so that normal labor conditions on Ohio farms are not far away," Mr. West said. "Modern farm machinery, to a certain degree, has eliminated the need of some farm laborers."

Springtime Experiences Of Newlyweds

April showers bring May flowers and also prospective June brides and grooms looking for dove coats. And that makes rental agents very mad; yes, it does not!

Just watch the prospective hubby writhe and squirm with agony as the genial gentleman from the rental agency shows him thru \$100 a month homes and \$75 a month flats.

Finally, they pick out an old-fashioned house—emphasis on the "old"—in the suburbs and after signing the marriage bond they start life's voyage in it.

Soon they discover that houses are often built like sieves and that a heavy wind storm is very apt to lift off the roof and leaves them sitting unprotected like.

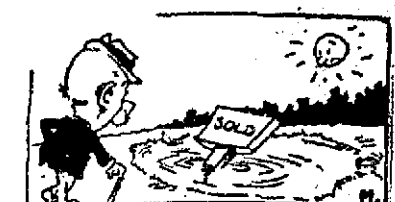

Generally, after a few months of such experiences, hubby gets a real ambitious and decides to buy a lot and build a home for his lovely-girlie. Isn't that nice?

He must be careful, tho, or someone will put one over on him and

NOTICE

The Star Restaurant at 131 E. High St. now under new management.
Noon Day Lunches a Specialty
SCHNEIDER & FARMER
Formerly of Manhattan Hotel

sell him a choice site in the middle of the Ottawa river. Then he is "sold" for certain.

At last, how ver, all is ready. The lot has been purchased, the plans have been ordered, the carpenter, painter, and dirt excavator have been hired and the house begins to take form.

Hubby and wifey watch over their little cottage anxiously. It must be nursed carefully and fed plenty of money or it will get the colic and stop growing.

"All ours!" One can't blame the loving couple for feeling proud. The workmen are all paid and the "home" is ready to live in. And April showers deserve most of the credit for they started the little home growing.

MOTHER FAILS IN HER FIGHT FOR CHILDREN

Court of appeals Friday confirmed a decision handed down by Judge Fred O. Becker in common pleas court, dissolving a writ of habeas corpus, procured by Bertha Dunaway-Jennings, against John H. Dunaway, her former husband.

The pair were divorced in Georgia and two children were awarded to the mother. Later Dunaway brought action in juvenile court in the south and obtained their custody.

Both the husband and wife remarried and Mrs. Jennings recently attempted to recover the children by means of habeas corpus proceedings. Judge Becker dismissed the case

when the children, aged 7 and 9, expressed a preference for their step-mother. Mrs. Jennings carried the case to appeals court.

ADMINISTRATOR NAMED

Frank Keve, of Lima, has been appointed administrator of the estate of William H. Long, Lima, who died recently. Appointment was made by Judge J. H. Hamilton, of probate court, Friday. Bond was given in the sum of \$2,500. The value of property left by the decedent is stated as \$1,300.

WORKER ELECTROCUTED

SPRINGFIELD—Charles Rodenske, 30, moulder, was electrocuted when he touched a live wire while at work in a local factory.

ALIBI OF HARDWARE MAN SAVES TRAFFIC CASE FINE

R. P. Jones, 518 W. Spring-st., proprietor of the Jones hardware store, public square, discovered at home that his machine would soon be minus a tag if he did not tighten the bolts. He took it off and drove to the store for a tool with which to perform the chore and remained in the car while his son went in to secure the implement. A cop came along and typed the machine license tag, whereas Jones' car was tagged in another way.

His alibi held water in criminal court Friday and he was released. P. B. Swager, 961 Fairport-av., and Roy Gregg, 277 S. Cole-st., admitted they parked without lights. Judge Emmett Jackson fined them \$1 each.

GOOD FRIDAY SERVICES AT IMMANUEL'S CHURCH

Rev. Karl Troutman, pastor of Immanuel's Lutheran church, will conduct Good Friday services at 7 p. m., at which time the confessional will feature the service. Holy communion and sermon at 7:30. Mrs. Troutman will favor with a solo.

EX-COSSACK CHIEF MAY BE FREED

Attorneys at Work to Secure Bond for Semennoff

OHIOAN BACKS UP CHARGES

Newark Man Declares Story of Murders True

NEW YORK—(Associated Press)—Attorneys retained by General Gregorie Semennoff, former leader of anti-Bolshevik forces in eastern Siberia, resumed their efforts today to secure the release of their client from the Ludlow-st jail to which he was committed last night on default of bail.

It was declared that in a few hours a new bail bond to replace the one cancelled yesterday would be arranged and that the Cosack chief-tain would again be at liberty. Several surety companies refused to furnish bonds for Semennoff, pleading "patriotic reasons" for their action. As a result, the general surrendered to Sheriff Nagle shortly after four o'clock.

A hearing in the bankruptcy proceedings against Semennoff by the receiver of the Youtrova Home and Foreign Trading company, which caused his arrest in this city, was called for this afternoon.

CHARGES DECLARED TRUE

NEWARK, Ohio—(Special)—"Morrow's story is true—only conditions were worse—than he paints them."

That's what George Harvey, local veteran of the American expedition in Siberia, says of the accusations of Lieutenant Colonel Charles H. Morrow against the Cosack leader, General Gregorie Semennoff, now in this country.

Morrow, who lives at Frankfort, Ky., was commander of the 27th United States infantry at Verkhne-Udinsk, Siberia.

He charges that soldiers alleged to have been part of Semennoff's command, murdered hundreds of men, women and children in a campaign against the Bolsheviks, pillaged, marauded and at times fired on American troops.

Morrow is expected to repeat these charges at a Senate hearing to determine whether Semennoff, now in New York, shall be deported as an undesirable alien.

Harvey is the only American soldier who ever re-enlisted for service in Siberia, he claims. He was in the region where Semennoff operated much longer than Morrow.

JAMES AND BEATEN

"I've seen men, women and children dragged thru the streets of Verkhne-Udinsk to the city prisons and horribly beaten for the most trivial offenses," Harvey said.

"One day a girl of 18 was taken to the prison to be questioned. She staggered out with her forehead crushed and was blinded for life by the brutal treatment she received."

ACCUSER OF GEN. SEMENOFF

LIEUTENANT COLONEL CHARLES H. MORROW

SEWER PUMP STATION CONTRACTS NEAR AWARD

Contracts for the construction of two sewage pumping stations for the intercepting sewer system will be let Friday or Saturday, City Manager C. A. Bingham has announced.

Conferees between the city and the Lima Construction Co., lowest bidder, and the Dravo-Doyle Co., makers of the sewage pumps decided upon, have been in progress for several days.

A bid of \$71,892 on Contract C and one of \$38,487 on Contract D were entered by the Lima company. These are lowest.

PINK AND BLUE DOTTED SCRM AT 9c YARD IN BLUE'S BARGAIN BASEMENT

That's what George Harvey, local veteran of the American expedition in Siberia, says of the accusations of Lieutenant Colonel Charles H. Morrow against the Cosack leader, General Gregorie Semennoff, now in this country.

Morrow, who lives at Frankfort, Ky., was commander of the 27th United States infantry at Verkhne-Udinsk, Siberia.

He charges that soldiers alleged to have been part of Semennoff's command, murdered hundreds of men, women and children in a campaign against the Bolsheviks, pillaged, marauded and at times fired on American troops.

Morrow is expected to repeat these charges at a Senate hearing to determine whether Semennoff, now in New York, shall be deported as an undesirable alien.

TRUCE IS BROKEN IN BELFAST

Irish Battles Renewed With Dawn of Good Friday

PUBLIC BUILDINGS SEIZED

Republican Army in Outbreak Against Free State

BELFAST—(United Press)—The Irish truce was broken in Belfast today. Good Friday dawned inauspiciously with seven casualties reported in street fighting during the night. Two civilians were killed and one wounded, while four policemen were shot and all badly wounded.

The start of the Easter holidays found sectarian hatred too strong for the bonds of the armed truce and parties of gunmen were in evidence in the Falls-rd district last night.

Catholic workmen and women hurrying to midnight mass were fired upon.

Policemen were fired upon in reprisal, and revolver warfare became general throughout the districts.

Despite the recent ruling that no citizens should carry arms unless employed on regular police duty, sounds of revolver fire from various parts of the city early today indicated the law was little respected.

BUILDING SEIZED

Large forces of Republican extremist troops seized the Four Courts and the Four Courts Hotel here today in what was apparently an outbreak of armed rebellion against the free state.

The Four Courts is the name of

a large building in Dublin, where courts of law are located. It was the first building to be seized by rebels during the Easter rebellions of 1916.

MAN IS VICTIM OF MYSTERY SHOT

Patrick Connor is Seriously Wounded in New York

NEW YORK—(Associated Press)—Death today was standing at the bedside of Patrick Connor, in the Reconstruction hospital, and ready to seal, perhaps forever, the mystery attending the apparently premeditated attack upon him last night in one of the most exclusive residence sections of the city.

The man who fired four shots into Connor's body had been lying in wait for him near the 83rd-st entrance to Central Park and he was seen by a number of persons talking with another man and a girl who were today being sought by the authorities.

Connor lapsed into unconsciousness before he could tell the name of his assailant and members of his family were silent. Around the case, however, there was an atmosphere of cold blooded vindictiveness that has been missing in most of New York's long list of recent homicide cases.

Many reports gained currency, but one that either had some fragment of truth supporting it or was romantic enough to be believed was to the effect that Connor, a former Sinn Feiner, had been shot down in retribution for having betrayed his Irish compatriots to the British.

SUSPECTS TAKEN

CLEVELAND—Four men, supposed to be notorious gunmen, were captured by a squad of detectives after one of the prisoners was shot in the leg by an officer in a rooming house here early today.

CITY ORDERS NEW SUPPLY OF COAL; COST REDUCED

Coal strikes and coal shortages will not worry Lima for several months to come, at least as far as

the city departments are concerned. Six cars of high grade coal were purchased Friday by Harry Osgood, city purchasing agent, at a price between 20 and 45 cents a ton under prevailing prices.

A special price of \$1.80 a ton at the mine, as compared with previous

quotations of \$2.00 and \$2.25 for the same grade of coal was made and the coal bought.

This will give the city sufficient coal to supply all departments until the latter part of August. It is all high grade fuel, well within the standard for quality, Osgood said.

PIGGLY WIGGLY

BUGLESS WORLD, HIS PROMISE

Machine Invented to Rid Universe of Pests

MEMPHIS, Tenn.—(Special)—James E. Cross, Kenton, Tenn., college boy, has quit school to fight bugs.

He's going to fight 'em with the only bug catching device of its kind in the world, on which young Cross has just been granted a patent. He calls it the "big Bertha," and declares if he can only get enough of his machines in action this will soon be a bugless world.

He got his idea from the age-old story of the moth and the flame. But his light is an electric globe that illuminates a space of 1000 yards.

When the winged pests investigate the source of the light, a small electric turbine at the base of the machine creates a vacuum, which sucks them into the big funnel containing the light and down thru a tube to the maw of the machine and into a trap.

Cross was reared on a cotton plantation and has always been interested in the fight made by the farmers to check the ravages of the boll weevil that last year destroyed one-third of the nation's cotton crop. He designed his trap especially to rid his father's farm of the deadly cotton weevil.

He says his first "big Bertha," a home-made affair, trapped from 10 to 15 bushels of weevil a night. His latest, he says, rids 15 acres of cotton of boll weevils in two nights' time.

Now the young inventor sees a "big Bertha" on street intersections of large cities, illuminating them as well as gathering into its maw the winged pests of the night.

"I am working on a model now for houses," says the boy inventor. "It will be about the size of an electric fan. It'll light the room and root it by the vacuum method and at the same time gather up all the bugs and the dust particles."

RENTS PUT UP BY UNION DEMANDS

Reasons For High Prices Pointed Out by Forbes

PLASTERS PAID \$15 A DAY

Nailing Up 95 Cents Worth of Lath Costs 85 Cents

(BY B. C. FORBES)
NEW YORK — (Special)—This little incident made me think. A man in the lumber business marked to me, as we drove past a number of homes being built in a suburb: "You see that bundle of lath? It costs 95 cents. The saving of the growing and cutting and sawing of the trees, probably in Canada; it pays for the transporting of the lumber from the forest to the seaboard, for its transportation to New York, for its unloading, for its transportation to a wholesaler lumber yard, for its resale to a retailer, for its transportation to this building, and for other incidental costs, such as insurance, commission and profits."

"But how much do you think the tradesman gets for nailing that lath on the wall? It is a job that any fellow who can hit a nail on the head with a hammer could do. And it doesn't take very many minutes to nail up a bundle of lath. But the builder here in New York, who is under the thumb of the labor unions, has to pay 85 cents for nailing up 95 cents' worth of lath."

"If the builders feel that this is far too much, why don't they try to do something about it?" I asked.

He replied: "They can't do a thing about lowering the price they have to pay for doing the nailing. That's fixed by the unions."

"But, naturally, they have done their best to get around it. One result is that the use of lath is being discarded right and left. Builders are turning to all sorts of substitutes. They now use a good deal of what is called oil board, beaver board and other stuff of that kind. Metal products are being used to get rid of the cost of lath and plaster."

"Builders here in New York have to pay as high as \$15 a day for plasterers. That's one reason why there has been a scarcity of homes and why rents have risen so terribly. If other workers knew how much the high rents are due to the amounts demanded by those who put up the buildings, I rather think they would kick and demand to know why they should have to pay a plasterer \$12 to \$15 a day when a man who is earning probably less than half as much for doing work requiring quite as much skill and more effort."

Curiously enough, shortly after this talk I picked up a newspaper which quoted facts published by the Monthly Labor Review issued by the United States Bureau of Labor Statistics. This Labor Bureau made an investigation covering nine closed shop cities and open shop cities. The statistics gathered revealed that rents in the closed shop cities increased 47 per cent, whereas the increase in the open shop cities was less than 5 per cent—4.7 to be exact.

The National Association of Manufacturers made a similar broad investigation, and the statement published by it is equally startling. Of course, this association is less free from the suspicion of bias, as it avowedly favors the open shop.

It likewise found that in closed shop cities, rents increased during 1921 an average of 47 per cent as compared with less than 5 per cent in open shop cities. It further reports that in open shop cities, there was fully 50 per cent more construction going on than in closed shop cities. Moreover, for the full year the building worker in the open shop city received 31 per cent more wages, although the rate per hour as only 67 cents against \$1.01 in the closed shop cities. Again, only 34 out of 1,000 inhabitants were found to be out of work in open shop towns and no fewer than 77 per 1,000 in closed shop towns. These figures were gathered from 30 widely distributed cities.

Are workers engaged in the various branches of the building industry in New York City and other centers well advised by leaders who urge them to recent readjustment of war-time wages, such as has taken place in Chicago and at some other points? Coal miners have covered that question for the world in having a very high wage scale if they get only three days' work a week on the average.

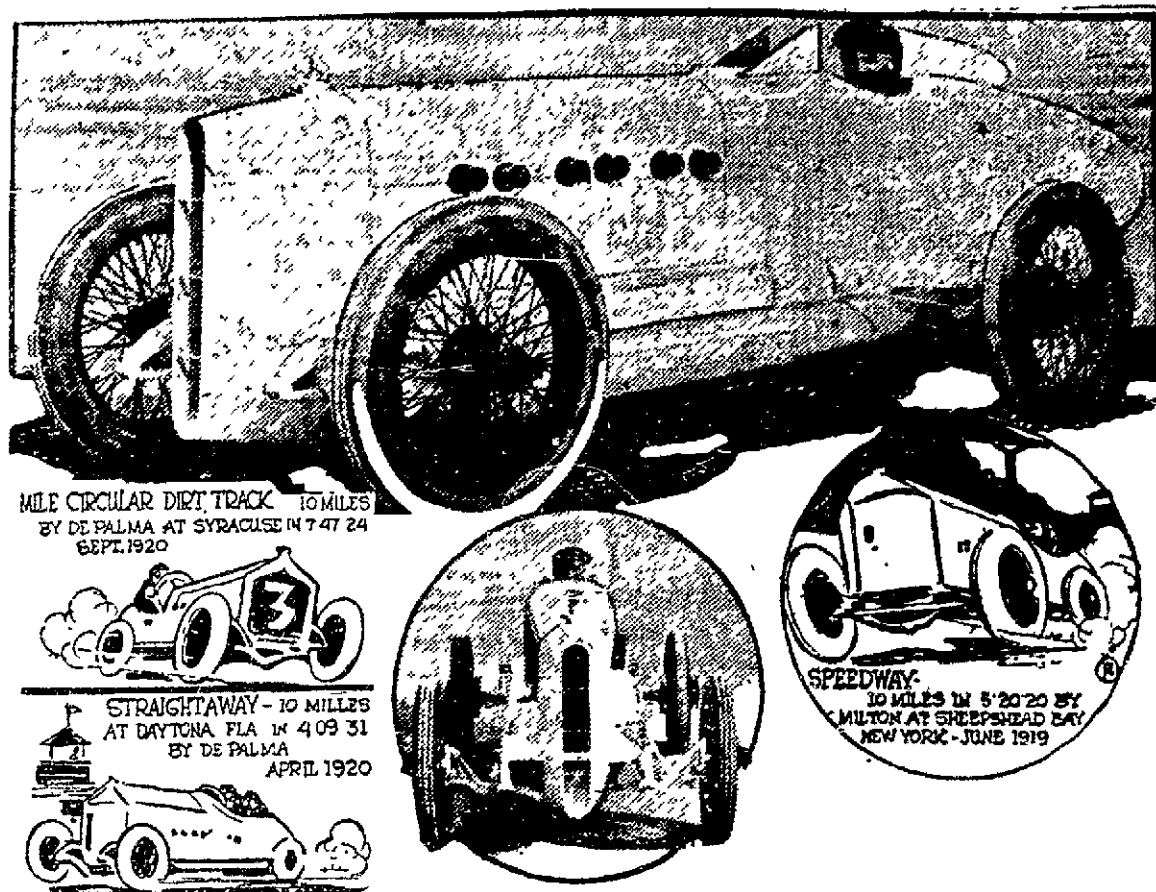

Doesn't the lath incident here quoted suggest that, by demanding extremely high rates of pay, plasterers are doing their worst to drive themselves out of work? It is inevitable that this movement to find substitutes and for men to put up lath, and, of course, the heavier the cost of building is the less building will be undertaken.

Only a fool would favor the payment of anything less than the highest wages economically possible. China and Japan pay infinitesimally small wages, but it would be a sorry day for America and for the world were similar wages and similar conditions to be brought about here. Good wages are essential to the greatest possible prosperity of a nation.

But it is possible for workers to demand more than it is possible to pay them without bringing on disaster both to an industry and to workers in that industry. Common sense and reason must be exercised if genuine prosperity is to be insured. In some industries, wages, to my mind, have been reduced too far—thirty cents an hour, as for common labor in the steel industry, does not seem to be a living wage in this country. But it is shortsighted policy for any highly organized group of workers to fly to the other extreme and demand wages entirely out of line with the wages received by those who, in the end, have to foot the bill, namely, the ordinary consumer.

AUTOIST SETS NEW WORLD MARK AT DAYTONA

CITIZENS OBJECT TO BLUE LAWS

Mass Meeting Fails to Budge Mayor Laman From Course

SPENCERVILLE LID STICKS

Business Men Assert They Will Take Hand Next Week

That the azure atmosphere of Spencerville is to be dyed to an even deeper indigo tinge, was evidenced Friday when it was learned that new blue laws, more drastic than any previously resurrected are to be enforced on the coming Sunday. A mass meeting of protest by citizens failed to bring about a removal of the order.

Mayor C. C. Laman, a native of the village expressed it, "has gone plumb wild."

LID TO BE TIGHTER
The lid is to be even tighter on the coming Sunday than a week ago, Laman announced.

From midnight Saturday to midnight Sunday, the town is to undergo a period of darkness, not experienced since pioneer days. Laman has ordered that the electric light plant is to close down. Kerosene lamps and candles will be the only illumination permitted. Delivery of milk to homes, which was halted a week ago and permitted after physicians had protested, will be stopped again. Not one drop of the lactical fluid is to be delivered. All these regulations are having the effect of bringing the citizenry slowly to the boiling point.

At a mass meeting, held by some 40 business and professional men, it was decided to stand the Puritan regulations for one more Sunday. Then the business men intend having a hand in the matter.

MOVIE CLOSING STARTS IT
The agitation commenced when certain interests wanted the moving picture theatre to close on Sunday. It was closed and then reopened.

Then Mayor Laman decided to give the entire town a taste of the blue laws.

"If one must close all must close," he says. "If one place can open up all can do so," he declared.

Citizens are preparing for another exodus over the week-end.

AGENT OF BANKS SUED BY C. H. NEVILLE FOR \$4,198

Suit for \$4,198.20 was filed in common pleas court Friday by C. H. Neville, assignee for the benefit of creditors of Charles G. Miller, former W. H. Mackenzie agent for the National Bank of Lima and the City Bank of New Bremen.

It is charged that the banks by their representatives on February 17 seized and took possession of proceeds of a sale made by Miller at his residence.

Demand has been made upon the banks for the money, but it has been refused, it is charged.

Sig Haugdahl in His Special Racing Car With Which He Broke World's Straight-Away Speed Record. Below, Front View Of The Car's 20-Inch Wide Body.

Averaging 152.54 miles an hour, Sig Haugdahl of Tondhjem, Norway, officially has beaten the world's straightaway auto speed record.

Haugdahl established records of 3.56 for 10 miles and 1:56:02 for five miles on the Daytona (Fla.) track.

The car used was a special racer with a body only 20 inches wide, mounted on a chassis with the usual 56-inch tread.

Haugdahl has lowered the straightaway record set at Daytona April 26, 1920, by De Palma, who made 10 miles in 4:09:31.

Other motor speed records are: Speedway: Five miles in 2:56:35 by Resta at Omaha, July 15, 1916; 10 miles in 5:20:20 by Milton at Sheephead Bay, N. Y., January 14, 1919.

10 miles, dirt track: De Palma, with 10 miles in 7:47:24 on September 18, 1920.

APRIL SHOWERS HOLDING SWAY

That the "early bird gets the worm" is proven to Ted's satisfaction when he seeks night crawlers stranded on paved streets in the morning, preparatory to going on a fishing trip.

Fishing between showers is about the only thing Ted can do, since an over-abundance of April showers keeps the ground too soggy for gardening. Continued cool weather isn't altogether objectionable, so long as the frost king keeps hands off opening buds on fruit trees. Unless nipped by Jack, a good fruit crop is in prospect.

Rain is the order of the day—and night, too. The forecast for today reads like this: Rain tonight, probably followed by clearing Saturday morning. Cool in south portion tonight. Rising temperature in northwest portion Saturday.

Perhaps more warmth for the week-end will increase the rain prospect. Ho, hum!

FARM BUREAU DIRECTORS HOLD PARLEY IN OTTAWA

Allen-co Farm Bureau directors and members attended a conference of the federation in Ottawa Friday.

Representatives from Allen, Putnam, Van Wert and Paulding-cos were in attendance.

Community work, good roads and the work of the farm bureau in the different counties were the subjects discussed by the members present.

A. E. Anderson, assistant state director of farm agents, spoke on economic conditions as they affect the farmer. Thomas Grubb, Lima, discussed methods of maintaining country roads.

County Agent Hugh J. Ridge was among the number present from Allen-co Mrs. Oliver Miller, of American-tp, attended a conference of women.

PINK AND BLUE DOTTED SCURRY AT 9c YARD IN BLUEMS BARGAIN BASEMENT

LEAVES PRISON TO PLEAD CASE

Isaac Ferguson, Ex-Attorney, Tests Criminal Anarchy Law

NOW PRISONER IN SING SING

Former Debs Defender Sets Up Free Speech Claim

NEW YORK.—(Associated Press)—Accompanied by a prison guard, Isaac J. Ferguson, a former Chicago lawyer now serving from five to ten years in Sing Sing for violating the criminal anarchy law, appeared today in the chambers of Justice Cardozo of the court of appeals to personally argue a motion for a certificate of reasonable doubt in connection with his conviction.

Ferguson and Charles E. Ruthenberg, who joined in the plea, were convicted by the appellate division of the supreme court in 1920 for their alleged interest in the circulation of a radical paper that published the left wing Socialist manifesto.

FIRST TEST OF ACT
The appeal of Ferguson and Ruthenberg was the first test of the criminal anarchy statute since it was enacted twenty years ago.

Ferguson and Ruthenberg are two of eight men who were arrested during the height of the activities of the Lusk legislative committee, indicted by a special grand jury and prosecuted under a law enacted immediately after the assassination of President McKinley but never invoked until 1920.

The validity of the law, under the constitutional guarantee of free speech, is questioned in the appeal, which asks the court for a proper construction of the criminal anarchy statute and of paramount importance is the appellant's denial of legal responsibility for the publication upon which the whole prosecution was based.

DEFENDED RADICALS
Until his conviction and imprisonment Ferguson, a resident of Chicago, was more or less in charge of the defense of communists under prosecution. A member of the Illinois and federal bars since 1911, he wrote appeal briefs in the Debs case before the United States supreme court, in the Rose Pastor Stokes case before the United States circuit court of appeals and in other leading radical cases.

Ruthenberg, a Socialist leader for more than twelve years, resided in Cleveland where as Socialist candidate for governor he received 90,000 votes in 1912, and as candidate for mayor in 1918, received 27,000 votes.

Justice Cardozo reserved decision and Ferguson was taken back to prison.

THOUSANDS JOIN COAL STRIKE

Miners Continue to Win Over Non-Union Workers

MASS MEETINGS HELD DAILY

Party of Organizers is Stoned by Women

INDIANAPOLIS.—(Associated Press)—With the end today of second week of the nation-wide suspension of work in the coal industry, interests at union headquarters here were centered in the progress of enlisting more non-union workers in the walkout. The total of 665,000 idle miners, claimed by the union, showed a gain of more than 25,000 during the week, and the opinion in union circles was that the strike had not yet reached its peak strength.

Gains scored in the Pennsylvania coke districts were the most significant developments from the union point of view, while the only reverse seemed, the temporary injunctions affecting two important West Virginia fields, which hampered the union activities. In the latter fields, however, the union did not admit any loss of men, who joined in the suspension during the first week.

The support gained in the Pennsylvania non-union fields had concentrated much of its work there. While the hope apparently was to gain a complete shutdown of the mines there, no prediction of such success had yet been made by union officials. Organizers in some localities were said to be having trouble establishing contact with the non-union workers, union officials asserting that meetings were difficult or impossible because of the activities of mine guards.

PARTY STONED
PITTSBURGH.—(Associated Press)—Indications that union organizers are making progress in the Westmoreland-co coke regions were found in reports reaching union headquarters here. The organizers are pushing their campaign steadily into this territory and mass meetings are being held daily.

A report from Connellsville, in the heart of the region, last night told of the stoning of an automobile party of organizers by a crowd of women, miners' relatives, when the union men were on their way to the Lehigh Valley No. one plant of the H. C. Frick Coke company. The union men, it was said, left town without accomplishing their purpose or lining up the non-union workers.

Some apprehension is felt in the Pittsburgh steel trade that if the strike is to continue much longer, it may be necessary to curtail operations in some mills for while the supply of coal appears to be ample, it is said the coke supply has dropped off considerably.

OUTPUT INCREASED
CHARLESTON, W. Va.—(Associated Press)—Loading figures from the two important western fields in the section, tending to show a slight increase in production in the Kanawha field, were the only tangible evidence of strike conditions in southern West Virginia coal fields. The situation was virtually unchanged, according to reports of operators and union officials.

Sheriff Edward Lucas of Jeffer-

son-co, Ohio, according to reports reaching Wheeling, W. Va., left Steubenville late yesterday for a tour of the stripper mine regions of the county for the purpose of personally investigating reports that union miners were preparing to conduct marches on mines similar to that carried out on the Belton mine Wednesday.

"SITUATION HURRY"
INDIANAPOLIS.—(United Press)—Attorney General Daugherty's visit to the seat of union activities in America's mine war "hurt the situation rather than helped it," strike leaders charged today.

Additional "confusion" was created by the attorney general's visit declared William E. Green, secretary-treasurer of the United Mine Workers.

Officially none of the union chiefs would interpret Daugherty's warning against mine owners and miners combining in future wage negotiations.

Unofficially, however, it was regarded as a blow at the check-off system of collecting union dues, which is mentioned in the indictments as the instrumentality of an unlawful combination.

Room Renting Is a "Business"

If you are renting rooms, or if you have rooms to rent, you must realize that it requires the same principles that apply to other BUSINESS.

You are renting rooms for profit—and you can't make money out of rooms that are vacant part of the time. This requires advertising—and in Lima ROOMS FOR RENT advertising means record Want Ads, for quick results.

GREEN'S-KODAK HEADQUARTERS

THE NEWS YOU READ

In The Lima News is gathered by a vast organization of men and Women scattered over the entire world

Day and night they are **ON THE JOB** for you. Getting all the news **FIRST** is their task, and they write it for the Lima News in a simple style that's easy to read

No channels of news are overlooked by these men and women. Their duty is to tell you what's going on in diplomatic, labor, social, industrial, scientific and educational circles, and all others.

Other men are assigned to get pictures of plain "folks", notables, and events in the day's news

Expert analysts point out for you the significance of complicated angles in politics and finance, and members of The Lima News Washington bureau-men who know the "inside" of politics there--are constantly on watch to see that you are given the details of the "shady" deals of politicians who dare to sacrifice public good for personal gain.

It is the aim of The Lima News to balance the day's news so that the joyful things in life get a fair chance alongside the sordid, depressing events which are inevitable.

The Lima News wants its readers' views on timely topics--and their complaints on matters of all kinds affecting the public at large. Confine letters to 300 words and sign your name and address. Then, if you don't want your name used, it will be withheld by the editor.

The Lima News, a member of The Associated Press--The United Press--N. E. A. Service--All the Best News Art--Local Reporters--Lima News Washington Bureau

DELEGATES ARE DESIGNATED BY WOMEN VOTERS

MISS DRUSILLA REILLY was chosen as delegate from the fourth congressional district to the annual convention of the National League of Women Voters, at a meeting of the local league in the DELEGATES ARE—SOC public library, Thursday night. Mrs. Flora Roberts was named as alternate. Mrs. Frank Bell was chosen as the delegate from the Lima league while Mrs. Josiah Jones was elected alternate.

The convention, which will be held at the Hotel Belvedere in Baltimore, Md., April 20th to 23rd, will probably be one of the most important in the history of the League of Women Voters.

A number of renowned speakers have been secured for the convention and several interesting trips as well as many social affairs have been arranged for the pleasure of the delegates.

SOC
Du Bois' sacred oratorio, "The Seven Last Words" will be sung by the full vested choir of Christ Episcopal church at the church, Friday evening at 7:30 o'clock, at the special Good Friday services. The choir includes Mrs. Helen Thompson Gayer, Mrs. Hilda Baxter Thompson, Mrs. Harry W. Fenton, Miss Marjorie Waitfield, Mrs. Helen Wenner Schoonover, Miss Josephine Sherwood, Miss Mary John W. Reilly, Miss Dorothy Davidson and Miss Mary Katharine Robb, sopranos; Dr. Foster Robinson, Messrs. Blake Robinson, S. W. Baker, H. W. L. Kudder and John W. Reilly, basses; Messrs. Keith Biddle, John Upp, Thomas Biddle, Herbert Spencer and Edison Jerich, tenors; Mrs. Foster Robinson, Mrs. George H. Shepherd, Mrs. Lillian Deisel Timmerman and Mrs. Herbert Speer, altos; Master Edward Hancock, Master Hanske, Master David Melly and Master James Garrison, boys.
The soloists for the evening will be Mrs. Gayer, Mrs. Thompson, Mrs. Schoonover, Dr. Robinson, Messrs. Baker, Ebeisole and Bowdell.
Mrs. Foster Robinson is director of the choir, which includes a group of the best trained voices in the city. Ernest C. Baird is the organist.
The public is cordially invited to attend the services.

In compliment to Mrs. Glencoe Woodruff (Clara Bell) whose marriage took place March 27th, Miss Lura Mae Gallispe, of N. Collett-st., welcomed a group of friends at her home Thursday evening at a miscellaneous show. The evening was enjoyed in merriment and dancing and a dainty two course luncheon was served by the hostess.
The guests, who were members of the Delta Sigma sorority, included Misses Margaret Gregg, Mary Kathryn and Martha Robb, Dorothy Collins, Hope Hollister, Betty Landry, Ina, Bess Sharpley, Gertrude Hoese, Margaret Graham, Josephine Garrettson, Helen Hunter, Eloise Cunningham, Florence Price, Charlotte Slobor, Freda Bell, Mrs. W. L. Allgier, Mrs. Frank Wallace, Mrs. Donald McHaffey, Mrs. Seward Folsom and the honor guest.

In honor of his birthday anniversary, Master Bobby Galvin, son of Mr. and Mrs. John E. Galvin, of W. Market-st., entertained the pupils of Miss Taylor's private school, Thursday night. Games were enjoyed and a dainty luncheon was served. The table was prettily appointed for the occasion. A large birthday cake forming the centerpiece with favors of small nests, filled with Easter eggs, marked each cover.

The Conservation committee of the City Federation of Women's clubs will meet at the public library, Saturday (Friday) night, 8 p. m. A full attendance is required.

Miss Dorothy Nellist, of Buffalo is a guest of Miss Helen Pew, of W. Elm-st. Both Miss Nellist and Miss Pew are students at Miami University and are spending the Easter vacation with the latter's parents, Mr. and Mrs. Harry L. Pew, of W. Elm-st.

Mr. and Mrs. Robert George Groves (Bisher Kemmer) left Friday for Tulsa, Okla., where they will make their future home. Mr. Groves has accepted a position in civil engineering. The wedding of Mr. and Mrs. Groves was an event of March 17th in Cincinnati.

Mrs. Nancy Worley Hughes, who has been the guest of her son, Judge Kent W. Hughes and family, of Lakewood, for several months has gone to Plymouth for a visit with relatives. From there she will go to Muskegon, Mich., to visit her son, Paul Hughes, before returning to Bloomfield, Iowa, where she makes her home with her daughter, Mrs. W. J. Stecker.

Miss Belva Bill, of W. High-st., has been the guest of Toledo relatives for the past 10 days.

Miss Glenna Marie Hobart, daughter of Mr. and Mrs. P. J. Hobart, of S. Cole-st., is spending the Easter vacation with her grandmother, Mrs. C. B. Morris, of Toledo.

Announcement has been made of the marriage of Mrs. Lillie Westcott, of Continental, to George Hensel, of this city. The wedding was solemnized in Oakwood March 18th at the home of the officiating minister, the Rev. R. A. Batts.

Miss Selma Wesselbaum, of W. Spring-st., will return Saturday from a three months' stay with relatives in the east.

The Stroller club's Easter dance will be an event of Saturday evening at the Elks' Home. Dancing will begin at 9:30 o'clock. Bernard Waddock is chairman of the committee in charge.

St. Martha's Guild of Christ Episcopal church will hold a cake and apron sale at John's Music store, W. High-st.

SCRATCHES

It is well to dust furniture before applying furniture polish. Otherwise little particles of dust may result in scratches when they are rubbed over.

FLOWERS

To keep cut flowers fresh, clip their stems by doing this it will be found flowers will remain alive several days longer than usual.

CILLAR WINDOWS

The cellar windows should be opened regularly every day, so that cellar odors be eliminated as much as possible. Two open windows—one at each end of the cellar—will allow a draft to purify the atmosphere.

GARBAGE

Now is the time to begin putting chloride of lime into the garbage can to prevent flies and other insects from forming. The can should be kept covered and in the shade; at all times.

SUSIE SMART'S ADVICE

I AM very sorry, Ted, but that is a question, which no outsider can answer for you. You love this girl and it is for you to decide whether or not you would ever be happy without her.

From your letter I am convinced that you love her sincerely and deeply. Place yourself in her position. It would only be natural for you to expect the one you love to be the first to forgive you for your past misdeeds. Everyone wants a second chance.

Perhaps you feel that if you did forgive her you could never forget. However, I am quite confident that you will. The knowledge and the realization of the real worth of the girl you love will be sufficient to cast aside all thoughts of her past faults. Perhaps her conduct was not what it should have been, but it is fair to her to allow her youthful mistake to outweigh her present strength of character and her future happiness.

Dear Miss Smart:
(1) Will you kindly give me the correct pronunciation of "Valentine" (correct) during the war the capital of France was changed from Paris to Vandeuvre temporarily. Would you kindly inform me as to whether or not the capital was changed back to Paris? (2) I have been trying to find a good recipe for Boston Cream pie and would be greatly pleased if you would favor me with one.
J. B.

(1) The pronunciation is very simple. It is divided into four syllables—Val-en-ti-ne. The "v" in the third syllable is pronounced as the letter "e" in "he." (2) The capital of France was located in Bordeaux for only a very short period. (3) I am unable to furnish you with this recipe. Perhaps some kind reader will be gracious enough to supply us with the recipe.

HAIR

To prevent the water drain of the wash basin from clogging up, loose hair should never be allowed to drain thru. If the water is let off slowly the hair remaining could be cleaned out and thrown into the refuse pail.

MUD

Spring mud brought in by sunny can best be cleaned off by allowing it to dry over night and brushing it off at cleaning time in the morning. The electric suction sweeper would be even better than brushing.

SISTER MARY'S KITCHEN

CANNED PINEAPPLE

Sister Mary Suggests Recipes that are Fine for Winter

Watch the market and when pineapples are most plentiful and cheap order one or two dozen for canning. Sugar is so reasonably priced again that pineapple preserves can be indulged in. These make delicious winter desserts or can be used with hot biscuits and butter in place of dessert for luncheon.

PINEAPPLE PRESERVES
Pare pineapple and remove eyes. Cut fruit in neat dice of about one-half inch. Weigh fruit and use pound for pound of sugar and fruit. Strain juice from fruit. Add juice to sugar with more water if necessary to prevent burning and put over a slow fire. Bring to the boiling point and skim.

Add fruit and simmer until the fruit is transparent and can be pierced with a silver fork. Pour into sterilized pint jars while boiling and seal.

PINEAPPLE MARMALADE
Pare and remove eyes from pineapples. Remove from core and weigh. For every pound of fruit use 14 ounces of granulated sugar. Grate pineapple and sprinkle with sugar. Let stand until sugar is dissolved. Cook until the mixture is thick and clear. Try a spoonful of the marmalade on a cold saucer.

If the mass jellies the marmalade is done. Pour into sterilized pint jars while boiling hot and seal. If the marmalade is cooked until the jelly is very firm the mixture can be put in jelly glasses and covered with paraffin when cool. Marmalade stored in this way will not keep over one year.

PINEAPPLE CHIPS
Pineapples, pure cane sugar. Pare and remove eyes from pineapples. Cut in thin slices. Drain off juice. Put a layer of fruit in preserving kettle and sprinkle liberally with sugar. Continue layer for layer until all is used. Let stand over night and drain off juice. Put juice in preserving kettle and bring to the boiling point. Add fruit

of having transported foundlings from Illinois to her farm home near Deer Creek, Ind., without formal adoption proceedings.

Four of these foundlings—Francis (left) Robert (right) and two others—she presented to her husband as her own.

She said two of the children—twins—were children of Libbey and that the other two were her children by a previous marriage.

Libbey, (below), a high-salaried salesman, has forgiven his wife, declaring that she was guilty of the trickery only because she wanted to satisfy his love for children.

and let boil 10 minutes. Spread on platters and dry in a sunny window or a slow oven. When the sirup is absorbed dip each piece of fruit in sugar and store in a tin box. These chips are delicious in cake and desserts.

CANNED PINEAPPLE
Pare and remove eyes from pineapples. Remove from core in thin slices. Put slices in a cheesecloth and plunge into boiling water. Boil five minutes, counting the time after the water begins to boil again.

Remove from boiling water and plunge immediately into cold water. Do not let stand in cold water, but be sure that each piece is covered. Drain and pack in sterilized jars. Pack to within one-fourth inch from the top of the can. Pour over medium thin sirup to cover fruit.

Dip rubber into boiling water and place on neck of can. Half screw on top and put jar in canner. The water in the canner must cover the jars by at least two inches. Bring water quickly back to the boiling point and boil 40 minutes. Remove jars from boiler and finish sealing. Turn upside down and cool, as quickly as possible.

MEDIUM THIN SIRUP
Three cups sugar, 1 1-2 cups water. Mix sugar and water and bring to the boiling point. Skim and boil four minutes.

OUR FIRST YEAR

BY A BRIDE

WHAT IT'S ALL ABOUT

Do you think two persons can successfully maintain their individual freedom after marriage? This bride and groom are trying it. The other evening she went to the Playhouse Club with her platonic friend, Bart Elliott, while her husband went to his club. Her five girl friends now are having lunch with her.

Never did two women get together for an hour without discussing a man. I often wonder if men discuss women as frequently and as frankly, and I wonder why a man and a woman never tell each other really important truths.

Bart Elliott had always been confidential about his "cases," but I knew he always left some things out. And I never had dared to ask Bart what girls want to know about the emotions of men.

Perhaps, now I am married, Jack and I can talk frankly. But I am not sure. For Mary Smith says that when she and her husband touch upon intimate matters they always quarrel!

Of the five girls who lunched with me today, Bonny Tearle is the youngest. She is an incorrigible little flapper of the ultra-modern type. Bonny has everything in the world except ideals.

Jeanne Allison is a cigaret-smoking college grad, who scoffs men since she escaped from what promised to be a romance with one of her professors. As a sophisticated young woman she frankly desires to box Bonny's ears when Bonny tells about her petting parties.

"What did Jack say about your going to the Playhouse with Bart?" I expected that question from Bonny before the salad came with the soup.

"Nothing! Not a word!" I replied. "Well, my husband would have slammed the door in my face!" put in Mary Smith, not tragically, but indignantly, but proudly. It was as if Mary Smith's husband's jealousy were an advertisement of the depth of his devotion to his wife!

"You two—Mary and Peg—represent the old and the new," laughed Jeanne. "Mary glazes over her slavery as a wife! Yes, Mary! You absolutely do! And Peg is free and equal—in theory. But how about practice, Peg?"

"Yes! Tell us how you got away with it the other night!" begged Bonny.

"Didn't need to get away with anything," I averred. "Our plan's all right, girls. I recommend it. 'You mean, now you're married, you like to go out with other men?'" Mary Smith smiled sweetly to prove she wasn't being catfish.

"Now be careful, Peg," warned Jeanne. "We splinters hang upon your words."

I stammered. It's so hard to tell

LEARN A WORD A DAY

TODAY'S word is DEPRAVE. It's pronounced—de-prayv—with accent on the last syllable. It means—to make bad, to corrupt, to vitiate, to pervert, to contaminate.

It comes from—Latin "deprave," to make crooked or to distort.

Companion words—depravity, depravation. It's used like this—"Some clergymen believe jazz is depraving the morals of American youth."

Easter Greetings—

From the Store of

Easter Fashions

In anticipation of your needs for Easter Apparel that interprets the newest modes of the season, we present our present displays. Beautiful Fabrics, tailored in fashions most entrancing, entice maid and matron to supply their Easter needs now.

Suits, Wraps, Coats and Dresses

SPORT
CORES

The batter stroked up to the plate, to tell the truth the ball in, at the 10 took his daily stroll. He stroked up just for practice.

YESTERDAY'S HERO — "Flash" Smith, who hit for the Yanks.

Amstrong and Smith hit home runs for the Yanks in the first inning of the game with the Athletics.

Dave DeBartolo, the "skunk" pitcher for the Athletics, was out of the game after the first inning, having pitched only one inning.

In deference to the wishes of the fans, the Athletics will play the game with the Yanks at the stadium, as the Yanks are the home team.

Packard's triple in the eighth inning scored two runs for the Yanks, who won the game 6 to 2.

Mudridge, new club pitcher, allowed only six hits and no runs in the game, but when he did his time he found the Red Sox to 1.

A fisherman dug up a worm. As he dug it up, he found it was a worm.

Great catches by Flanagan, Speaker and Jernigan were features of the Indians 8 to 3 win over the Tigers.

Errors of the Red Sox behind him kept Karr from getting a shut-out, but he beat the Athletics 6 to 2.

Stylish pitching by Carl Mays and timely batting enabled the Yanks to beat the Senators 5 to 2.

One hundred and twenty-three horses are eligible for the \$50,000 Preakness stake to be run at Pimlico on May 13.

MARBLE OLYMPIAD
IN JERSEY

JERSEY CITY, N. J.—The sand lot baseball season in this city has been postponed until April 21, the day after the closing of the municipal marble shooters' championship tournament.

The winner of the tournament, a feature of the Jersey City Rotary Club's Boy Week, will receive one \$50.00 "agale" "shooter" as a trophy and will lead the Rotary boys' parade.

Preliminaries will be held on the various playgrounds, April 17. The winner of each of the preliminary shoots will be sent to the final game at Pershing Field on April 20.

"Hunching," "cunny" — thumbing, "picks," "back-ficks-tries-over" and other irregular conditions will be ruled out.

The game will be "fats."

MAYOR KOHLER LIFTS BOXING
LID IN CLEVELAND

(BY KENNETH CLARK)
CLEVELAND — Cleveland may regain its title as one of the premier professional fight cities of America. The professional lid is expected to be lifted here late this month, or early in May.

But when Mayor Fred Kohler pries off the lid, professional boxing is going to be conducted along vastly different lines than heretofore. That's his word, and that's the instruction he gave to the newly-created boxing commission.

BAN ON SING FIGHTS
Boxing was banned in Cleveland by Mayor Kohler shortly after he took office in January. His action largely resulted from the unpleasant characters arising out of the Frush-Kilbane and

SUSANNE HOPES TO
MEET MOLLA

NICE—Mlle. Suzanne Lenglen, European woman tennis champion, will defend her title at Wimbledon in June, if she is physically able, she said at the recent tournament here.

The French star added that she hoped Mlle. Molla Burstedt Malloy, the American champion who defeated her last summer in the United States, would be one of the entries in the British title play at Wimbledon, as she felt sure she could prove that the incident of last summer was a fluke.

Charles Lenglen, the girl's father, who trained her from the time she was able to swing a racket, was with her during the March tournament and said that she had not completely recovered from the illness.

Mlle. Lenglen looked well, however, while she was playing here. Her spirits seemed higher and she admitted that she felt much better.

While her plans for the summer are indefinite, Mlle. Lenglen said one thing is certain—she is not going back to the United States for vindication.

THIS TIME LAST YEAR

Ping Bodie made his 100th hit since starting his professional baseball career. The Browns had Cleveland 9 to 2 at the end of the third inning but lost the game 12 to 9.

White Sox lost the opening game at Detroit 7 to 5. The Boston Braves hit Dutch Reuther seven times for six runs in one and two-thirds innings and ran him to the showers.

INDIANS WIN;
REDS IRONED

Chicago Cubs grabbed their second straight from the Reds, beating them 5 to 1 in a game played at the stadium.

The Cubs, who were in the lead, followed in the great Alex's shoes, he having set them down the day previous.

Adolfo Luque twirled for the Red Sox.

Cleveland Indians annexed another Detroit, 5 to 1. Luque was the Cubs' defeated pitcher.

This started for Speaker, but had to retire when hit by the ball. Cleveland held them safe from the second inning.

The Indians won the game 5 to 1.

BIG-LEAGUE TWINS

CLARENCE JONNARD (ABOVE), CLAUDE JONNARD (BELOW).

The Jonnard twins are trying to win their spurs in the major leagues.

Claude Jonnard with the New York Giants, is hailed as one of the best pitching prospects of the year.

Clarence Jonnard with the Pittsburgh Pirates, is a pitcher and hopes to stick in the big show.

GOSLIN IS A REAL
PICKUP

Leon Goslin, who will hold down right field for Washington this year, with Sam Rice in center and Manager Millan in left, is regarded as a real find.

"Goose," as he has already been nicknamed, is only 21 years old. He is 5 feet 11 1/2 inches tall and weighs 185 pounds, most of it above the waistline, giving him a real punch to his swing.

He is a left-handed batter, swings a heavy bat, holds it at the extreme end and takes a terrific cut at the ball.

Goslin, while he bats left handed, is a right-handed thrower and is a possessor of a pretty good arm.

He led the South Atlantic League last year with a mark of 390 in 142 games he was at bat 519 times, scored 124 runs and made 114 hits for a total of 223 bases.

Included in his safe hits were 28 doubles, 13 triples and 16 home runs. He was credited with "batting in" 131 runs, proving that many of his hits were of a timely nature.

COLLEGE BASEBALL

Georgetown, 8; Holy Cross, 0. Princeton, 3; Columbia, 2. Fordham, 2; Vermont, 0. Lafayette, 17; Richmond, 10. Mercer, 3; Yale, 7. Penn, 12; Stevens, 3.

DEMPSEY TO K. O.
THEM WITH DUDS

By BOB DORMAN
NEW YORK—Well, Jack Dempsey, heavyweight champion of the universe, and the "Beau Brummel" of his division, has left America flat.

Jack sailed on the Aquitania for England with all the eclat of a scion of some European royal house.

Broadway, both male and female, at least that part of it from around 42nd-st., turned out en masse to bid "goodby and good luck" to the departing champ.

What's that you say? Where do I get that Beau Brummel stuff?

Say, listen, and I'll put you wise. Before Jack left he bought a complete set of new togs.

Morning togs, afternoon togs, evening togs, togs for any and all occasions.

When I asked him "Why all the glad rags, Jack?" he whispered: "Listen, I am going to England hoping to get a crack at some of their heavyweights over there. But if I can't knock 'em out in a ring I'll knock 'em out in the clothes."

"Seriously, tho, I am hoping that I can get a fight over there."

"I am more than anxious to give Carpenter, Beckett, or any one else, a chance if some promoter cares to offer the proper inducements."

"I am tired of all this theatrical stuff and only wish that I could get a chance to step into a ring."

"But as it is, all I have in sight is some engagements in the music halls, and then I suppose I'll take in the sights unless something turns up."

"But just put it down in your little book that nothing would please me better than to get a hurrying call to come back to the little old U. S. A. and mix it with somebody."

SEVEN PUGS LEAVE
FOR PUG MEET

COLUMBUS — Seven Columbus amateur boxers will leave here today to participate in an inter-city tournament with the Pittsburgh team. The meet will be under the auspices of the Allegheny Mountain association.

The boys who are scheduled to make the trip are Johnny O'Keefe, 112 pounds; Horton Gruer, 118 pounds; Sam Drake, 126 pounds; Miner Mithoff, 135 pounds; Monte Pack, 147 pounds; Dale Willison, 160 pounds, and Hartley Shook, light-heavyweight.

The right little collar for the tight little knot
ARROW COLLARS
Cowell, Peabody & Co. Inc. Troy, N.Y.

K. OF C. WILL HAVE STRONG TEAM

LIMA will be represented this season on the baseball map by a strong K. of C. club, which will be selected from a large field of candidates Sunday at 9:30 a. m. at Murphy-st park, Manager John Guinan announced Friday.

The nucleus of the pitching staff promises a trio of budding geniuses who have all the earmarks of successful slabmen. Pipe them: Danny O'Donnell, Mark Doolin and Austin O'Connor.

Two are right handers and Doolin heaves from the heartside. Guinan has great expectations of them, and with Paddy McNamara, the industrial backstop, on the receiving end, he will be well fixed for battery material.

FIRST AND SECOND OPEN

George Pohlman is slated to hold down the shortstop position, with "Chic" Malloy at third and Jim Connelly, Frank Callahan and Joe Pellenelli, Frank Callahan and Joe Pellenelli to patrol the outfield. Guinan also has a young catcher, by name Maly, to retrieve when McNamara is working.

First and second bases are open, but will be filled with material from the waiting list.

Negotiations were opened for games in Columbus, Toledo, Detroit, Cleveland, Ft. Wayne and Dayton. A Columbus aggregation has been booked for a game here May 8 with the Knights as a feature of the state convention program.

GOOD FOR BUSINESS LOOP

A club such as the Knights of Columbus propose to put on the field, together with another nine—the Moose—would have been good additions to the business men's league, making it a six-club circuit. But since the bosses of the league have seen fit to confine it to the three dinner clubs and the Elks, it is improbable that either of the other two lodges will be invited to get in.

DEXTERS DEFEATED

Kirks defeated the Dexters Thursday night in the Business Men's League bowling at the Y. M. C. A. alleys, taking all three games, 508 to 474, 516 to 468 and 470 to 238; totals 1494 to 1325.

LIVELY BALL SHOWS UP

(BY HENRY L. FARRELL)
NEW YORK — Looks like the lively ball is still bouncing around the major leagues.

Much of the appetite for clouting having been satisfied last year, it was thought that the slower ball would be put back in play this year. Everett Scott, Yankee shortstop, was one of the many players who said that the ball down south this spring didn't have the hop that made life so pesky for infielders last year.

HITTING THEM FAR
Early in the season inferior pitching may be responsible for a lot of hitting, but it hardly would cause such consistent clouting. There were 21 doubles, four triples and three homers in the second day of the season and the opening game was about the same.

Speaking of balls—the story comes from San Antonio, that the Yankees carried trick balls on their exhibition tour of the south, which made it easy for Babe Ruth to drop one out of the park. The swat king drove one of these out of the yard in a Texas park and some fan operated on the pellet and found that it was a "trick ball to fool the people."

REFUTED ARGUMENT
To refute the argument that pitching is causing the heavy hitting, it is noticeable that the hurlers have been working unusually good under conditions that are not favorable to form.

Red Faber pitched a three-hit game in the opener; Phil Douglas and Carl Mays were in mid-season form yesterday and Kagr the Boston Red Sox hurler was deprived of a shut out only by errors.

SPRING IS HERE

When you are house cleaning put everything you haven't any further use for in one corner, then call Main 4931, and let us write an ad for you. You will be surprised at the results you will receive and the cost will be so small.

AMERICA HAS HALF OF WORLD'S BEST RACQUET WELDERS

LONDON — Half the world's best lawn tennis players are Americans, according to selections made by A. Wallis Myers, an English expert who accompanied the English Davis cup team to the United States in 1921. Mr. Myers includes four men and six women hailing from the United States in his recently published two "First Tens."

The experts' comment on American women players is especially noteworthy in view of the fact that this is the first time he has included selection of a women's "First Ten" in his annual review and that he gives the United States a majority place. Referring to this, Mr. Myers says:

SECTIONAL LINES FALLING
"Surely a sign that the gulf in the standard of play between the two hemispheres has now disappeared! For the development in women's play on the other side in recent years I think we have to thank, firstly, the organizing genius of the Americans, secondly, the example of greater speed rendered by the men and, thirdly and perhaps mainly, the spirit of successful competition which animates every girl in the United States."

Mr. Myers places Mrs. Mallory, the American champion, who won over Suzanne Lenglen in America last year, second, to the French champion and the other eight leaders as follows: Miss M. Browne, United States; Miss E. Ryan, United States; Miss K. McKane, England; Mrs. Bundy, United States; Mrs. Peacock, India; Mrs. Beamish, England; Miss E. Goss, United States, and Mrs. Jessup, United States.

RICHARDS IN FIRST TEN
The "First Ten" among men is headed in order by W. T. Tilden, W. M. Johnston and Vincent Richards. Mr. Myers thinks their position at the top of the list is "abundantly justified." R. N. Williams is placed ninth, while the remaining six are: Fourth, Z. Shimidzu, Japan; fifth, G. L. Patterson, Australia; sixth, J. C. Anderson, Australia; seventh, B. I. C. Norton, South Africa; eighth, M. Alonso, Spain, and tenth, A. H. Gobert, France.

BOWLING HELD UP BY WEATHER

HAMILTON—Bowling games halted by the weather.
That was the unusual experience at the Y. M. C. A. alleys here last night when the Butler-co Bowling tournament was in session. Huge hail stones, some an inch in diameter, blew in thru the windows of the bowling alleys and covered the runways with ice. Games had to be suspended while the alleys were cleaned.

ROPER CHALLENGES CADDOCK TO WRESTLER-BOXER BOUT

WICHITA, Kansas — Captain Bob Roper, heavyweight boxer, here for the wrestling match last night between Ed "Strangler" Lewis, champion, and Earl Caddock of Iowa, challenged Lewis to a mixed wrestling and boxing bout. Lewis won the last two of three falls last night.

In issuing the challenge Roper said "I am willing and very anxious to meet Lewis in such a bout. Before taking on Dempsey, Lewis can try out his stuff on some one not so good. I am willing to meet Lewis in a mixed bout and will post a side bet of \$10,000 that I can beat him. If he wants to make his Dempsey offer good he should meet me first."

"TUT" IS ENCORED

DAYTON—"Tut" Jackson, the Ohio thunderbolt from Washington C. H., who knocked Sam Langford for a goal here in six rounds last week, is down to exchange taps with "Roughhouse" Vares, New Orleans, negro heavyweight, here Monday night. It will be a decision bout in 12 rounds.

Get the very latest song hits, Baby Blue Eyes, California Rose, on sale at all music stores, also on the records.

Easter Hats For Men

Every man wants a new Hat for Easter to "set off" his appearance. Striking and distinctive are the new Spring styles assembled here. Rich colors, soft texture effects and luxurious finishes feature the contributions for Spring—

NEWSPAPERARCHIVE

MUTT AND JEFF—A VERY LOGICAL ANSWER, WE CALLS IT—

BRINGING UP FATHER—

By McMANUS

SHORT SHAVINGS

Sheriff Charles Pate reports a friend bought a glass top on a large new motor car. A motor car on it. The top broke.

Baxter's friend bought another glass top, and sat on it to see if it was strong enough. It wasn't.

F. Diemann, assessor, received a car and tax return from a man who didn't have much to report but knew exactly what he had. His joyfully consisted of one seat pin valued at 35 cents, checking account, \$5, savings account No. 1, \$104, savings account No. 2, \$231.

The elevator in the American Bank block was crowded. A man was eating a popcorn ball, Lehi Mil-

ley reports. The car stopped suddenly. The popcorn ball, squeezed too hard, was crushed in his hand. Most of the corn dropped inside a woman passenger's blouse. Her attitude seemed to imply some criticism of the hapless man.

Raymond R. Horn, druggist, reports a friend went to a doctor to have a cut finger tied up. The doctor asked if he could go thru the

treatment without fainting. That gave him an idea. He fainted. "But instead of giving him a drink," reports Horn, "the doctor splashed cold water in his face."

EASTER CORSAGES, PLANTS, SWEET PEAS, ROSES, CARNATIONS AND ALL SEASONABLE FLOWERS AT THE FLOWER SHOP, 136 NORTH MAIN STREET PHONE MAIN 3422.

VESPER SERVICES AT ST. PAUL'S LUTHERAN

Vesper services marking Good Friday, will be held at 7:30 p. m.,

at St. Paul's Lutheran church. Rev. Paul M. Broxy, pastor, will speak from the subject, "His Self-Oblation." Miss Fisher will favor with a solo, "There is a Green Hill Far Good Friday."

"Away" by Gounod. At this service this congregation will pray the ancient Bidding prayer, which is especially ordered for

All Leathers \$3.60 All Sizes All Widths New Styles

Hundreds of thousands of women all over the United States tomorrow will be fascinated by the display of styles—amazed at the values that 400 NEWARK shoe stores will present to their astonished gaze.

You can thank our vast chain store outlet for such wonderfully attractive footwear at \$3.60. If we only had one or two stores, the price would be at least \$5.00. The fact that we sell nearly FIVE MILLION pairs of shoes annually is the factor that reduces their cost to you to only \$3.60. Everything that is new, novel, lovely and charming in style and leather combinations will be found here. At least SEE them here tomorrow before you buy anywhere.
